

Żylce 35a, 63-900 Rawicz
PL 30221501 WE

Certificate of authorization

Hen egg albumin powder

Date of issue of the certificate 05.08.2022		Certificate number: 1654/2022				
Date of production	Date of analysis		Number part production			
02.08..2022	02-05.08.2022		1851			
Organoleptic analysis						
Overall appearance	Consistency	Smell	Colour	Physical pollution		
Appropriate to the product	Appropriate to the product	Specific	Appropriate for white	Lack		
Physico-chemical analysis						
Water content [%]	Fat content [%]	Solubility [%]	Foam stability* [ml]	Whipping index [cm]	pH	
4,9	<0,1	96	<151	13	6,8	
Microbiological analysis						
Mesophilic Aerobic Microorganisms (cfu/1 g)	Enterobacteriaceae (cfu/1 g)	Staphylococcus aureus (cfu/1 g)	Salmonella (in 25g)	Listeria Monocytogenes (in 25g)	Escherichia coli (cfu/1 g)	Bacillus cereus (cfu/1 g)
<1000	<10	Absent in 1 g	Absent in 25 g	Absent in 25 g	Absent in 1 g	<100
The place of performance analysis: Laboratory Eggs Product Sp.Zo.o. Żylce 35 A, 63-900 Żylce						
Product compliant with our specifications ☒		The product does not meet our specifications ☐
