

IM8000 FAMILY OF HD CAMERAS

True HD 3MOS Camera Heads

Designed to work with CONMED's IM8000 Camera Console, all of CONMED's True HD Camera Heads feature the latest 3MOS chip technology. Delivers improved resolution and a 20 percent increase in light sensitivity¹ for greater visibility of the surgical site and an enhanced view of critical anatomical structures.

Three Camera Head Choices

IM8120 Eyecup

As CONMED's most popular camera head, these are used in multi-specialty procedures and connect to industry standard Eyecup scopes, used for Laparoscopy, Arthroscopy, ENT, GYN and Thoracic.

IM8121 Cartridge

As CONMED's Proprietary IP, designed for a fog-free camera experience with unique scope interface in surgical procedures where fluid destination is required. The low profile design provides an ergonomic user-experience, allowing for scope rotation (posting) to provide optimal surgical views.

NEW IM8123 Urology

CONMED's specialty camera head is ergonomically designed with a free rotating coupler (12 o'clock orientation) and camera head cable 90° to the body with a smaller optical lens for full-circle image on the monitor.

IM8121 Cartridge

Procedures where fluid destination is required.

IM8120 Eyecup

Laparoscopy, Arthroscopy, ENT, GYN and Thoracic

NEW

NEW: IM8123 Urology

Specialty Camera Head

Features and Benefits

Vivid Visualization

CMOS chip sensors provides increased light sensitivity, crisp resolution and the most natural color spectrum for advanced surgical procedures.

Fully Autoclavable

All three camera heads are designed to be autoclavable, which is the most cost-effective form of sterilization.

Durable Design

For increased durability and reliability, these camera heads feature our proprietary ShockFlex™ prism mounting designed to limit surprises in the OR caused by faulty equipment and ensure a long life span.

Product Specifications

I.E.C. 60601-1 Equipment Classification:	Class1: Type CF Applied Parts	Signal to Noise Ratio (SNR):	54 dB Typ
Image Sensor:	3 CMOS sensors	Sensitivity:	15lx@F2.8, 3200K, 12dB Y level > 210mv
Resolution:	1920 x 1080 pixels	Electronic Zoom:	Up to 2:1, controllable by camera head button
Camera Cable Length:	12 ft. (3m)	White Balance:	Automatic, triggered by camera head button or CCU panel
Camera Head Weight:	7.2 oz. (205g) w/o cable		
Camera Head Weight Urology:	9.17 oz. (260g) w/o cable
