PYR - NEGATIVE

The image displays the components of the Bioanalyse PYR Test Kit. On the left is a white box with a blue and green circular pattern. The box features the Bioanalyse logo (a red stylized 'B' with a registered trademark symbol) and the text 'PYR Test Kit 50 Strip'. To the right of the box is a large white plastic bottle with a white cap. The bottle has a label with a barcode, the text 'PYR', 'LOT 190328A', and 'REAGENT MICROORGANISM DIFFERENTIAL'. In front of the large bottle is a small yellow plastic dropper bottle with a purple cap. The dropper bottle has a label that reads 'BIOANALYSE', 'Kromojenik Solüsyon', 'In Vitro Tanı', 'LOT 190328A', and '04/2021'.

OXIDASE - NEGATIVE

The image shows two components of a microbiological test kit. On the left is a white cardboard box with a blue and green abstract design. The box is labeled 'Bioanalyse' in a red stylized font, followed by 'OXIDASE 50 Strip' in large black letters. Smaller text on the side of the box includes 'Bioanalyse Oxidase Strip', 'Reference: OXIS', and a barcode. On the right is a white plastic bottle with a white cap. The bottle has a label with a barcode, the word 'OXIDASE' in bold, and 'LOT 190705A'. Below this, smaller text reads 'REAGENT MICROORGANISM DIFFERENTIATION', 'BIOANALYSE TIBBI MALZ. SAN. YET. TIC.', and 'Ecz. O.S.B. 1333, Cad. 1377 Sk. No:5 Yenimahalle'.
