

CHEMISEPT

QUICK ACTING HAND ANTISEPTIC

CHEMISEPT is ethanol-based colour and fragrance free hand antiseptic developed for professional use. It is perfect product in higher hygiene requirements, where hand antiseptics is the most important preventive measure to avoid infection.

CHEMISEPT MED has a broad fungicidal and bactericidal effect, being able to destroy Gram-negative and Gram-positive bacteria (incl. *Mycobacterium terrae*) and fungi. Deactivates all enveloped viruses (incl. HIV, HBV, HCV) and non-enveloped viruses (incl. Adeno, Noro, Rota).

CHEMISEPT is skin friendly as it contains emollients, which helps rapidly restored the normal microflora, moisture balance and protective functions of the skin.
