

To: CENTRALIZED PUBLIC PROCUREMENT CENTER IN HEALTHCARE

Republic of Moldova, Chişinău municipality, Grigore Vieru Ave. 22/2

Dear Sirs,

We, the undersigned, VILLA SISTEMI MEDICALI S.P.A. (Italy), as the manufacturer of the medical equipment Digital Radiographic System, model MOVIPLAN iC, hereby declare and confirm the following:

We ensure the availability of original spare parts (or manufacturer-certified equivalent parts) for the above-mentioned medical equipment for a minimum period of 8 (eight) years from the date of commissioning of the last unit delivered under the contract.

The availability period of spare parts continues even in the event of discontinuation of production of the respective model (production discontinuation).

The availability includes both critical spare parts (e.g. X-ray tube for CT, RF coils for MRI, electronic modules, sensors, pumps, valves, etc.), as well as standard wear parts (filters, batteries, cables, wear sensors).

We undertake to notify CAPCS and the beneficiary institution in writing at least 12 (twelve) months prior to the discontinuation of production or availability of spare parts for the respective model.

We will provide the bidder with the list of critical spare parts, including manufacturer part numbers and catalogue prices.

This letter is issued for use in the public procurement procedure:

“Procurement of medical devices according to the needs of public healthcare institutions (DR and CBCT)”,

Open tender No. ocds-b3wdp1-MD-1773752800492.

Date of issue: 17.04.2026

Dr. Miguel Basso

Sales Manager

Villa Sistemi Medicali S.p.A.
