

5. Lines for blood (highways) artery / vein, set for adults (for equipment dialysis Fresenius 4008B and 4008S). Quantity – 13474 pieces

NO	TENDER REQUIREMENT	FARMASOL PRODUCT SPECIFICATION	FARMASOL PRODUCT CODE	
General requirments				
a	International certificates (CE or FDA or EMEA)	CE	DIARENNEEDLE AV203F812T	
b	Compatibility with the devices in use	Suitable with Fresenius 4008B and 4008S		
c	Warranty period ≥ 2 years	3 Years		
d	Delivery in the set (artery/ vein) + needle for connection to the bottle with physiological serum.	Delivery in the set (artery/ vein) + needle for connection to the bottle with physiological serum.		
e	Active arterial air capture chamber	Active arterial air capture chamber		
f	Active venous air capture chamber	Active venous air capture chamber		
g	Clamps integral montate in segment arterial/ venous	Clamps integral montate in segment arterial/ venous		
h	Conection segment/ arterial(venous) blood pressure monitoring/with double membrane, with the corresponding colour mark.	Conection segment/ arterial(venous) blood pressure monitoring/with double membrane, with the corresponding colour mark.		
i	Line for automatic heparinization.	Line for automatic heparinization.		
j	The atraumatic construction of the injection port with the sealing membrane.	The atraumatic construction of the injection port with the sealing membrane.		
Specific requirments (The require unit of measurement)				
a	The length of the segment/tube for a pump 350 ± 5 mm	350 mm		
b	Pump segment/tube diameter – 8 mm	8 mm		
c	Diameter of the venous blood catheter – 22 mm	22 mm		
d	Fill volume for adult highways ≤ 161 ml	161 ml		
e	The total length of artery ≥ 3500 mm	3.750 mm		
f	The total length of vein ≥ 2700 mm	2.700 mm
