

**DATE:** November 2, 2018

**REPORT:** The following report covers testing of White Thermoplastic.  
The sample received was tested using the requirements specified in  
PLR-1782.

**PRODUCT:** CROSS-295 ROAD AND COATING PAINT

**SAMPLE:** Sample size 10 kg. Sample received on 10/29/18.

## TEST METHODS

M.3.16, Slipping Resistance Test  
M.3.21, Specific weight Test  
M.3.171, Cold Shock  
M.3.172-B, UV Test (UVB-313 type light in 168 hours)  
M.3.173-Yellowish Index  
M.3.177 Troger Test  
M.2.77- Sampling  
M.2.82, Determination of Glass Bead Quantity  
M.2.84, Determination of Flowability  
M.2.85 Determination of White Titanium Pigments (Rutile)

## RESULTS

TS EN 1436  
AASHTO M 249  
TS EN 1871
