Ref: Moove Lubricant Limited Request for Claiming Ford WSS-M2C913-D Spec for Comma Xtech 5W-30 at the Gravesend, Kent plant.

Gentleman:

Ford acknowledges your claim to Ford WSS-M2C913-D specification for the Comma Xtech 5W-30 engine oil (Moove Code: XTC*L)

However, please ensure that you adhere to this formulation including the additive types, additive treat rates and the base oils and ratios used for blending. Ford has the right to take samples, request analysis of the blends, and, if requirements are not met, has the right to require you to remove the acknowledgement and any references to Ford from the product, this also includes any literature on the product making the same references.

This acknowledgement is only for the product listed above and is applicable for as long as the product is in production. No formulation changes are permitted. Any planned formulation changes will be reviewed with a Ford Lubricant engineer prior to implementation to determine if re-testing is required. Formulation changes not disclosed to Ford Lubricant Engineering will result in immediate acknowledgement removal.

Ford hereby excludes all liability whatsoever for the above acknowledgement and reserves our rights, as the testing has not been conducted by Ford and the acknowledgement was based only on the information provided.

This acknowledgement from Ford in no way implies that Ford is recommending the oil / additive. In no circumstances can any actual or implied recommendation be made to third parties. Suppliers should NOT use phrases such as 'approved' or 'recommended' by Ford in their publications.

Yours sincerely,

/s M. D. Deegan

Mr. Michael Deegan
