for IMSP needs for the year 2026

### DECLARATION

We, ITALRAY S.r.l., hereby declare that the X-ray solution **X-FRAME DR EZ**, manufactured by **us**, has an average electrical power consumption of approximately **2 kW per hour during daily operation**.

This estimation reflects typical usage under standard operating conditions and may vary depending on factors such as workload, exposure frequency, system configuration, and environmental conditions.

The system is designed in accordance with applicable technical and safety standards, ensuring efficient energy use while maintaining optimal diagnostic performance.

In faith,

Federico Lotti  
Export Area Manager  
ITALRAY S.r.l.
