

Vliwasoft®

Soft nonwoven dressing pads

The non-fraying nonwoven material is highly absorbent and is appreciated for its low-adherent properties. Besides sterile and non-sterile 4- or 6-ply dressings, the range of products includes Vliwasoft Split Dressings with a Y-cut and stoma dressings.*

*Vliwasoft Stoma.

Indications

- for wounds with low to moderate amounts of exudate
- as a wound dressing
- for wound cleansing
- as a carrier material for ointments
- as a padding material between fingers and toes

Product composition

67 % viscose, 33 % polyester
