

D. TENDER FORM FOR A SUPPLY CONTRACT

Publication reference: 2SOFT/4.3/160

Title of contract: Autovehicle

<mun. Chisinau, 18.06.2021>

A: General Police Inspectorate, 11/1, Tiraspol street, Chisinau, MD-2069, Republic of Moldova.

One signed form must be supplied (for each lot, if the tender procedure is divided into lots), together with the number of copies specified in the Instruction to Tenderers. The form must include a signed declaration using the annexed format from each legal entity making the application. Any additional documentation (brochure, letter, etc.) sent with the form will not be taken into consideration. Applications being submitted by a consortium (i.e. either a permanent, legally-established grouping or a grouping which has been constituted informally for a specific tender procedure) must follow the instructions applicable to the consortium leader and its members. The attachments to this submission form (i.e. declarations, statements, proofs) may be in original or copy. If copies are submitted, the originals must be dispatched to the Contracting Authority upon request. For economical and ecological reasons, we strongly recommend that you submit your files on paper-based materials (no plastic folder or divider). We also suggest you use double-sided print-outs as much as possible.

An economic operator may, where appropriate and for a particular contract, rely on the capacities of other entities, regardless of the legal nature of the links which it has with them. It must in that case prove to the contracting authority that it will have at its disposal the resources necessary for performance of the contract, for example by producing a commitment on the part of those entities to place those resources at its disposal. Such entities, for instance the parent company of the economic operator, must respect the same rules of eligibility and notably that of nationality, as the economic operator, as well as the relevant selection criteria. With regard to technical and professional criteria, an economic operator may only rely on the capacities of other entities where the latter will supply the supplies or perform the works or services for which these capacities are required. With regard to economic and financial criteria, the entities upon whose capacity the tenderer relies, become jointly and severally liable for the performance of the contract.
