

The EB-J10 Scopes

Experience crystal clarity – High-Definition at its best

The PENTAX Medical Video Bronchoscope EB-J10 product range offers sharp and clear High-image quality. Combined with a High-Definition processor offering i-scan technology, the bronchoscopes support faster detection, precise demarcation and support adequate patient treatment.

The unmatched ergonomic design and flexibility of the bronchoscopes offer you ease of operation in daily use. Complying with increasing hygiene requirements and STERRAD® compatibility, the EB-J10 bronchoscopes provide patient and user safety.

A groundbreaking endoscopic advancement

Sharp imaging for detailed visualization

The excellent visualization of HD offers fast and detailed bronchial system investigation and leads to more precise detection of abnormalities supporting precise demarcation of lesions or tumors.

Reliable for user and patient safety

For user and patient safety, the EB-J10 bronchoscopes comply with increasing hygiene requirements through single-use accessories and STERRAD® compatibility.

Unmatched ergonomic design for ease of operation

Unmatched ergonomics and lightness of the control body in combination with the excellent scope maneuverability thanks to a very small distal tip bending radius ease operation.

Video Bronchoscopes
