

3 LAV

ACTIVE CHLORINE BLEACH ADJUVANT FOR LINEN WASHING

- Acts at low temperatures.
- Ideal for bleaching of flat linen, tablecloths and uniforms.
- It also has an hygienising action.

SUGGESTIONS

Do not use at high washing temperatures.

DESCRIPTION

It is necessary to add an adjuvant with bleaching and hygienic properties for a deeply washing of professional linen, such as the one used in restaurants and flat bedroom linen.

3 LAV is a linen washing adjuvant based on active chlorine bleach, that works at low temperatures. It is the ideal product for the bleaching and hygienisation of linen.

Being a washing adjuvant, its use combined with 1 LAV and 2 LAV alkaline product, is ideal for the removal of stains from cotton, synthetic and mixed linen in washing machines equipped by automatic dosing device.

ACTIVE CHLORINE BLEACH ADJUVANT FOR LINEN WASHING
