Verbatim is conscious of our responsibilities to the environment and our obligations with regards to Restriction of Hazardous Substances (RoHS) and the Directive 2011/65/EU of the European Parliament and of the Council. We are pleased to state that our range of *optical disc products* do not contain the named hazardous substances (lead, mercury, cadmium, hexavalent chromium, poly brominated biphenyls (PRB) or poly brominated diphenyl ethers (PBDE) at any level more than the permitted concentrations.

The European Parliament enacted regulation (EC) No. 1907/2006 of the European Parliament and of the Council of 18 December 2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH) Verbatim is aware of its obligations in regards to Article 33 of REACH Regulations and is pleased to inform you that Substances of Very High Concern (SVHC) including 181 substances contained in Candidate List of January 15th 2018 are not present in any of our current product range above permitted levels.

We monitor our supply chain in order to maintain this situation and will continue to monitor future candidate lists from the European Chemicals Agency. We undertake to inform our customers should any product contain a SVHC consisting of more than 0.1% by weight.
