**RE: RECOMMENDATION LETTER TO DEMONSTRATE THE ID
EXPERIENCE AND CAPABILITIES OF UAB GARSU PASAULIS**

It is hereby certified that on 3rd June, 2021 the Republic of Zimbabwe, represented by the Minister of Home Affairs and Cultural Heritage and its Minister of Finance and Economic Development, and UAB "Garsu Pasaulis" signed a Contract for the delivery, implementation and support of an end-to-end national biometric ID infrastructure along with the delivery of e-passports for the Republic of Zimbabwe.

The contract is valid till 3rd of June 2031.

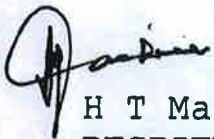

Among deliverables of the project, scope of the Contract includes the below:

1. Personalization system including delivery, implementation, commissioning, operation and support of hardware and software, used for the personalization of the above mentioned documents.
2. Biometric enrolment system including delivery, implementation, commissioning, operation and support of hardware and software, used for enrolling applicants for the issuance of the above mentioned documents;
3. In-house design and production of ICAO compliant ID3 (TD3) e-passports with polycarbonate data page.

Solution delivered by UAB "Garsu Pasaulis" has fully entered production and operational environment under the respective Contract.

To this date more than 500.000 of e-passports and more than 1.000.000 ID cards have been duly issued under the respective Contract.
