This full-body CPR trainer features lifelike positioning, a carotid pulse, and anatomical landmarks that include the sternum, rib cage, and substernal notch. Coupled with our options and a set of moulages, you can add a depth of realism to your training. Rescue training is augmented with the Rescue Head that can be interchanged with the CPR/rescue-breathing head. An optional IV arm gives you an added dimension. Includes five mouthpieces and five airway systems with lungs. Does not include electronics.
