

Technical data sheet

CY-14-1 Cryo Tube 2ml sterile

Replaceable embedded head
with different color

CY-14-1 Cryo Tube 2ml sterile		
Material	Cap	PP
	Tube	PP
	Ring	Silicon
Weight	2.43 g (without embedded head)	
Temperature range	-196 - 121 °C	
Pack	500pcs/bag	
Sterility	EO sterile	
Advantage	<ul style="list-style-type: none"> ● Outer Screw cap make less sample contamination ● Thick wall and silicon ring make the good sealing and no burst (Use in gas above liquid nitrogen) ● Replaceable embedded head with different color is easy for category Management ● Same lot of PP raw material make the tube and cap same expansion coefficient ● Round bottom makes less liquid residue
