E2270SWHN

◇ Features

LED Panel: Hg Free
Mercury (Hg) is poisonous, producing toxic environmental waste. Unlike the CCFL backlight in traditional monitors, the LED backlight panel contains no Hg.

Dynamic Contrast Ratio (DCR)
Ultra-high Dynamic Contrast Ratio of 20,000,000:1 displays darker images with more depth and detail.

Multimedia-Ready with HDMI
HDMI (High-Definition Multimedia Interface) is the digital video and sound standard for connecting the latest consumer electronics like Blu-ray players and game consoles.

e-Saver
Software enables the user to set a low power configuration of the monitor when the PC is in screen saving, PC off, and user absence. User can choose the time to turn the monitor off, to save power consumption.

Screen+ Software
The bundled Screen+ software splits the PC workspace into four self-contained panes to group application windows for easier viewing. Screen+ also supports multiple monitors.

Hair-Line Texture
Brushed surface textures provide a luxury look and feel.

16.7 Million Colors
FRC 8-bit panel can display 0.5 million more colors than the typical TN 6-bit panel.

i-Menu
Included PC software allows the user to change the OSD settings using their mouse.

Ultra Low Power Consumption
The LED backlight panel requires 50% less energy than typical 4CCFL monitors.
