Castalla, 21 February 2024

In 2008, ACTIU Berbegal y Formas, S.A. joined the United Nations Global Compact in order to support and promote compliance with the Ten Principles established by the Compact in the areas of: human and labour rights, care for the environment and the fight against corruption. Once again this year, in line with our values, we are consolidating the commitment we made at that time by presenting the progress report for 2023.

In our commitment to sustainability, we are working with the priority of reducing our impacts at all levels and we have taken on the challenge of leading the change towards a more sustainable future.

With this communication, we express our commitment to make the UN Global Compact and its principles part of our company's strategy, culture and daily operations, and to engage in collaborative projects that promote the Sustainable Development Goals.

We primarily take as our strategic goals those associated with Goals 3 (Health and Wellbeing), 8 (Decent Work and Economic Growth), 9 (Industry, Innovation and Infrastructure), 12 (Responsible Consumption and Production), 13 (Climate Action) and 17 (Partnerships to Achieve the Goals).

Yours sincerely,

A red square stamp with the word "ACTIU" at the top and a stylized "A" in the center. Below the stamp is a handwritten signature in blue ink. Underneath the signature, the text "ACTIU BERBEGAL Y FORMAS, S.A." is printed in red.
