

Electric Lift Tables

TT2C-800/TT2C-1000

The TT2C-800 and TT2C-1000 are vertically adjustable electric tables with two columns. Thanks to their size and stable stand they are ideal for placing two eye diagnostic devices. Also, the access for wheelchair users is quite convenient. The maximum load of the tables is 90 kg. Optional shelves for cables and accessories are available.

TTUD-1000

This model is designed for our ultrasound line. It is prepared with a drawer for storing the probes and a holder for wipes and cleaning liquids. The maximum load is 65 kg.
