

## Velcro

## Washing and disinfection system

### FEATURES

Velcro system is ideal both for dusting, dry or damp use, and for washing.

- Frames allow to change mops easily
- Velcro strips are interchangeable
- It can be used with pre-soaked spare mops avoiding the risks of rinsing which cause backache and wristache to the operators

### USE

Placing frame on the mop

Detaching dirty mop from the frame

Easy replacement of the strips

### Velcro System

#### Soft Pro flat mop with velcro system

White microfibre flat mop for dry/damp use (spray cleaning) and for washing, with velcro system support
