

PROTEAZONE®

Pre-Sterilisation • Detergent/Decontaminant
Active and tested against microbial biofilm

Pre-Sterilisation

CANTEL HAS DEVELOPED **PROTEAZONE®** TO SERVE HOSPITALS AND CLINICS WITH A UNIQUE, SELECTIVE AND POWERFUL DETERGENT/DECONTAMINANT TO MAXIMISE MICROBIAL REMOVAL INCLUDING BIOFILMS.

PROTEAZONE® IS THE ELECTIVE PRODUCT FOR: **STERILISATION CENTRES, ENDOSCOPY, UROLOGY, HEAD&NECK, OPERATING THEATRES** AND MANY OTHER WARDS THAT REQUIRE **ABSOLUTE CLEANSING** AND **DECONTAMINATION** ACCORDING TO INTERNATIONAL MICROBIOLOGICAL STANDARDS.

PROTEAZONE®

Pre-Sterilisation • Detergent/Decontaminant
Active and tested against microbial biofilm

4 ENZYMES ACTIVE AGAINST:

Proteins, lipids/fats, carbohydrates/sugars, cellular components
The only tested product against Microbial Biofilm
Germicide surfactant complex
Disinfection action
Synergic effect of ADAZONE (patented new microbicidal agent)

5 minute contact time only

pH 7

Biodegradable

Dilution 1:400 (400 lt of ready to use solution)

Powerful removal of organic material

Associated decontamination and microbial removal

TESTED AGAINST:

Mycobacteria, HIV, EMC, Candida Albicans
Aspergillus Niger, Pseudomonas Aeruginosa
Staphylococcus Aureus, E.Coli,
Enterococcus Hirae and many more

EN14348/EN14563 (Mycobactericidal)

EPA USA DIS/TSS 07 (Virucidal)

EN1650/EN13624/EN14562 (Fungicidal)

EN13727/EN1276/EN14561 (Bactericidal)

EN13697 (Bactericidal/Fungicidal)
