ii 03.07.24	P.G.T. THE MAGNET ENTERPRISE S LIMITED	1. we ask you to show us the Link or the platform where the documents submitted during the purchase procedure can be checked for the authenticity of the electronic signature; 2. we request that you present an account statement confirming that you have 100% liquidity in relation to the value of the contract to be awarded, i.e. 200 thousand EURO; 3. we request clarification on the form of guarantee for the offer in the amount of 2% which had to be deposited to the account of the contracting authority indicated in the award documentation.	[ANSWER 1] By virtue of the Regulation (EU) No 910/2014 incorporated into Cyprus national legal system through Law 55(I)/2018, a qualified electronic signature shall have the equivalent legal effect of a handwritten signature and shall be recognised as a qualified electronic signature in all other EU Member States. The initial method (option) used for the Mold-Alert bid, was through DocuSign which is valid in Cyprus and across the EU. Electronic signatures are actively in use in Europe, and DocuSign eSignatures are compliant with eIDAS and EU electronic signature technical standards. According to DocuSign (refer to the attached email letter by DocuSign Support, Case/ 13754578), for someone to validate a DocuSign Signature, he/she needs to check the document ID and timestamp associated with a digital signature. He/She can check the authenticity of the electronic signature via the Certificate of Completion because the document ID and timestamp can be seen in the Certificate of Completion. Unfortunately, there is no link where the recipient can see the validated signature of the documents received. All the validated signatures can only be seen via the Certificate of Completion. Please find attached a ZIP file (named TheMagnet_DocuSign_Certificat es of Completion) that includes the Certificates of Completion of all the documents which were uploaded in the Achizitii platform, for your reference and actions. There is of course another method (option) that of JCC Trust		

services. JCC has a signature platform (JCC Signing Portal), which enables the citizen to upload the document he wishes and choose which he wishes to place the electronic his signature. To place the electronic signature, the citizen should give his approval through the JCC Authenticator application installed on his mobile phone. Once approval is given, the citizen will be able to download the electronically signed document. I went ahead and applied this method as well for this same project, so that you can have both worlds to consider, for the exact same set of bidding documents. According to the eIDAS regulation, electronic signatures provided by JCC Payment Systems are legally equivalent to handwritten signatures and are legally valid in all member states of the European Union. Please accept the attached ZIP file (named TheMagnet JCCsigned Docume nts) for your reference and consideration. You can use the Validate a Signature functionality of the DSS demonstration of the European Commission. Privacy notice: Please note that by using the above functionality of the DSS demonstration, the files are going to be transmitted to the infrastructure of the European Commission. With your action to do so, you consent to this transmission of data and it is strongly advised to use documents that do not contain sensitive material. Files that have been transmitted are not retained. [ANSWER 2] Please accept the attached ZIP file (named TheMagnet Periklis Theodoridis Liquidity) for your reference and consideration which includes: (a) the current account balance of Periklis Theodoridis's (namely) brokerage account under Mega Equity for an AstroBank bond (€206.000), (b) the current account balance of Periklis Theodoridis's (namely) bank account in the Bank of Cyprus (€125.000 approximately), (c) the current account balance of The Magnet Enterprises Ltd.'s

			bank account in the Bank of Cyprus (€40.000 approximately). As you can see there is an available cashflow of more than €370.000. Additionally, please note that within Q3 2024, two more projects shall be finalized bringing in an extra net revenue of €100.000, on top of the monthly recurring revenues from several retainer-based services. [ANSWER 3] The form of guarantee for the offer is based in cash collateral i.e. equivalent amount of 2% of the bid amount €200.000, thus the amount of specifically €4.040 has been blocked under deposited account upon the issuance of guarantee. Please accept the attached ZIP file (named Bid Guarantee) for your reference and consideration which includes: (a) the current balance of this guarantee deposit account, (b) the Notification (Transmission) of Original sent to SWIFT (ACK).
03.07.24	OMEGA TRUST SRL	1. we ask you to show us the Link or the platform where the documents submitted during the purchase procedure can be checked for the authenticity of the electronic signature; 2. we request that you present an account statement confirming that you have 100% liquidity in relation to the value of the contract to be awarded, i.e. 246 thousand EURO; 3. In DUAE you mentioned that you have a subcontractor SRL Smartgov, we ask you to give us details on this aspect, what will be its role for the future contract. We request that you present all the necessary documents in the case where you use the technical and professional capacities or are in association, see the provisions of art. 22, para. 6) and para. 7) from Law no. 131/2015 on public procurement and with more details and document forms are the provisions of point 42 and point 43 of the Standard Documentation which is a component part of the award documentation for the procurement procedure in the case. At the same time, in DUAE at point 2C.1 you mentioned that you do not use the capabilities of other entities. 4. We ask you to clarify the company SRL OMEGA TRUST from the Republic of Moldova,	04.07.2024 1. Regarding the Link or the platform where the documents submitted during the purchase procedure can be checked for the authenticity of the electronic signature, please find below 2 methods of checking the authenticity: a. the contract to be awarded, i.e. 246 thousand EURO We mention that we already attached in the initial submission of the proposal a Bank Statement that proves our total liquidities (for all the accounts) -283.407,77 EUR, which is bigger than the 246.000 EUR, the value of the potential contract. Please find it reattached in Annex 1. Please tell us if you need other information. Strada Putul lui Zamfir nr. 37, et. 4. Sector 1, București Telefon +40 (21) 310 64 68 Fax +40 (21) 310 64 68 E-mail office@omega-trust.ro Web www.omega-trust.ro 3. Regarding the fact that in DUAE we mentioned Smartgov SRL as subcontractor, please find below more details on this aspect: For this project, we have subcontracted Smartgov SRL, a company based in the Republic of Moldova, made up of a team of specialists with a very high level of expertise in the field of digitalization of public entities and implementation of technical solutions. As mentioned in the subcontracting agreement, attached to the submitted tender

documents, the subcontractor will provide the following services, in case of winning the tender:

- Contribution to the development of the Feasibility Study for implementing the NPW "Mold-Alert" in the Republic of Moldova. The subcontractor shall be responsible for the technical component of the study. Technical documentation for technological solution identified in the Feasibility Study (technologies, equipment, software) required for the procurement and implementation phase of NPWS "Mold-Alert", developed;
- Tender documentation and other documents related to the NPWS "Mold-Alert" procurement procedure (bidding documents), developed;
- Evaluation of the current legal framework relevant to the considered domain.
- Impact analysis for the justification process of the

necessary normative acts to be developed/modified. Also, the subcontractor will provide experts as follows: o Iurie TURCANU - IT Senior Consultant o Gheorghe PANTAZ - IT Consultant o Andrian Sova - IT Consultant o Ion STATI - IT Consultant o Vadim VINTILĂ - Legal Consultant Therefore, we reattach the Subcontracting Agreement. Regarding your request: "We request that you present all the necessary documents in the case where you use the technical and professional capacities or are in association, see the provisions of art. 22, para. 6) and para. 7) from Law no. 131/2015 on public procurement and with more details and document forms are the provisions of point 42 and point 43 of the Standard Documentation which is a component part of the award documentation for the procurement procedure in the case. At the same time, in DUAE at point 2C.1 you mentioned that you do not use the capabilities of other entities." We mention the following: Omega Trust SRL, doesn't rely on technical and professional capacities of other entities, as mentioned at point 2C.1 - DUAE: "Is the economic operator relying on the capacities of other Strada Putul lui Zamfir nr. 37, et. 4, Sector 1, Bucuresti Telefon +40 (21) 310 64 68 Fax +40 (21) 310 64 68 E-mail office@omega-trust.ro Web www.omega-trust.ro entities to satisfy the selection criteria set out in Chapter IV and (where applicable) the criteria and rules set out in Chapter V below?" Our company has both the financial and technical capabilities to satisfy the selection criteria. For this reason, we mentioned in DUAE that "we do not use the capabilities of other entities". Therefore, our company fully meets the qualification and selection criteria established in the Terms of Reference, as

demonstrated by the submitted offer. We have provided documents that attest to: • Previous similar experience of the company · Economic and financial capacity • Professional capacity, etc. For the realization of the requested services, we have the necessary experience and qualified personnel. The proposed project team includes the following Omega Trust experts: 1. Cosmin Macaneata – Project Manager 2. Andreea Geanta - Economicfinancial expert 3. Dan Sora – IT Senior Consultant 4. Nona Gorgos - Senior IT Consultant 5. Vlad Domnica – IT Consultant 6. Vlad Nita – IT Consultant 7. Irina Rusu - Economicfinancial expert In addition, due to the importance and complexity of the project, we decided to subcontract part of the potential services to SmartGov SRL, as the Company is made up of a team of specialists with a very high level of expertise in the field of digitalization of public entities and implementation of technical solutions in the Republic of Moldova. This approach is based on the provisions of art. 75 of Law no. 131/2015, which results in the possibility for bidders in a procurement procedure to subcontract services from third entities, aiming to ensure an optimal implementation of the project by combining our international expertise with deep local knowledge. In accordance with the provisions of art. 20 para. (3) and art. 75 of Law 131/2015, in the submitted offer we provided information regarding the intention to subcontract part of the services from SmartGov SRL, presented the Subcontracting Agreement, and listed the experts and their experience. In this context, we emphasize that subcontracting SmartGov SRL is not done to support OmegaTrust in meeting the qualification and selection requirements, and therefore the provisions of art. 22 para. (6) and (7) are not applicable. For clarity, in addition to the presented

documents, we submit the List of subcontractors (Annex 15) and the part/parts of the contract that are fulfilled by them, elaborated according to the requirements of the Standard Documentation. Strada Putul lui Zamfir nr. 37, et. 4, Sector 1, Bucuresti Telefon +40 (21) 310 64 68 Fax +40 (21) 310 64 68 E-mail office@omega-trust.ro Web www.omega-trust.ro For the reason mentioned above, we consider that the provisions of art. 22, para. 6) and para. 7) from Law no. 131/2015 on public procurement and the provisions of point 42 and point 43 of the Standard Documentation, don't apply, as follows: Art.22 / Law no. 131/2015 (6) The technical and/or professional capacity of the tenderer/candidate can be supported, for the fulfillment of a contract, by another person, regardless of the nature of the existing legal relations between the tenderer/candidate and the respective person. (7) In case the tenderer/candidate demonstrates his technical and/or professional capacity by also invoking the support granted, in accordance with the provisions of para. (6), by another person, he has the obligation to prove the support he benefits from by presenting in written form a firm commitment of the respective person, concluded in authentic form, by which this person confirms that he will make available to the offeror / the candidate the technical and professional resources invoked. The person providing technical and/or professional support must meet the relevant selection criteria and must not be in any of the situations provided for in art. 19 para. (1) and para. (3) lit. a), c)-g), which determines the exclusion from the award procedure. Standard Documentation 42. Economic and financial capacity as well as technical and/or professional capacity of the bidder/candidate may also be supported, for the performance of a contract, by another person, regardless of the nature of the legal relationship between the

bidder/candidate and the person concerned. 43. Where the bidder/candidate proves its economic and financial capacity as well as its technical and/or professional capacity by relying also on the support granted, under the provisions of point 42, by another person, it must prove the support it benefits from by submitting a written and signed firm commitment from that person (as set out in Annexes 16 and 18) and declarations from the third-party financial and technical/professional supporter (Annexes 17, 19 and 20) confirming that this person is making available to the bidder/candidate the financial, technical and professional resources relied on. Submission of the commitment shall be made at the request of the contracting authority once it has been declared in the ESPD. The person providing financial as well as technical and professional support must meet the relevant selection criteria and must not be in any of the situations referred to in points 22 and 23 which lead to exclusion from the award procedure. - Annex 16 – Commitment on Third-party financial supporter (Not applicable) - Annex 17 – Declaration on Third-party financial supporter (Not applicable) - Annex 18 - Commitment concerning technical and professional support for the bidder/group of economic operators (Not applicable) - Annex 19 - Declaration on Third-party technical supporter (Not applicable) - Annex 20 - Declaration of Third-party professional supporter (Not applicable) Strada Putul lui Zamfir nr. 37, et.
