To Whom It May Concern,

It is with great confidence that I recommend the American Language Center (ALC) as a valued partner in the field of language education.

Since January 2025, I have had the opportunity to collaborate closely with the ALC administration on the organization and delivery of an English course designed for university teachers from four leading higher education institutions in Chișinău. Throughout this partnership, ALC has demonstrated remarkable professionalism, efficiency, and a strong commitment to educational excellence.

One of the greatest advantages of working with the American Language Center is their comprehensive and structured approach. From the initial stage of testing and evaluating potential participants to the careful formation of groups according to language proficiency levels, ALC has ensured that each step of the process was executed with precision and care. Their ability to tailor their programs to the specific needs of diverse learners has greatly contributed to the overall success of the course.

Moreover, the teaching staff at ALC distinguish themselves through their high level of expertise, dedication to student progress, and consistent delivery of engaging, high-quality instruction. Their responsiveness, flexibility, and genuine investment in achieving educational outcomes have made collaboration with ALC not only productive but also highly rewarding.

Based on my experience, I confidently endorse the American Language Center as a trusted and professional institution capable of meeting the highest standards of educational service.

Sincerely,

Gabriela Ojog
