

Cytac Technology(Thailand) Limited

Declaration

This is to certify that our Cytac product, model No 1-D3G1700, which is compatible with Glock 17 (Gen 1, 2, 3, 4, 5), has been tested with actual samples and been confirmed to be also compatible with Glock 19 pistol. When the pistol of Glock 19 is placed into our holster, model 1-D3G1700, the overall length of the holster body will be slightly longer than that of the Glock 19 pistol. However, this does not affect its functionality or performance. In addition, our company has approved that Neramo Distribution SRL can sell these products.
