PRODUCT CATALOG

Our Mission:

Continuously strive to improve the quality of life for hundreds of millions of patients.

Our Vision:

To achieve and become a world-class orthopedic medical device provider through continuous innovation.

COMPANY PROFILE

Beijing Libeier Bio-engineering Institute Co., Ltd. is a high-tech enterprise dedicated to the research, manufacture and sales of orthopedic implants and instruments. Founded in 1996, Libeier started its business from the launch of first ever cannulated screw in China. During nearly 20 years, Libeier has undergone steady development themed “Development—Strategy—Integration—Leapfrog”.

In August 2010, Libeier was successfully listed on NYSE, U.S. jointly with Kanghui, becoming the first Chinese orthopedic company on NYSE.

In 2011, Libeier moved to Beijing Economic & Technological Development Area where attracting a large number of Fortune 500 companies, occupying an area of 20,000 square meters, and boasting exquisite office & production area as well as a batch of cutting-edge equipment.

In October 2012, Libeier joined Medtronic, a leading science and technology company in the world. It’s believed that Libeier, under Medtronic’s leadership, will step into a new globalization journey.

In October 2013, Libeier products were approved by FDA, which represented that its products reached a much higher level.

In April 2020, Libeier was acquired by AK Medical, a leading company for the hip and knee joints and 3D print orthopedic implants in China. Libeier and AK Medical's product portfolio are complete complementary, both of them would become more stronger and benefit a lot from the acquisition.

Libeier is always adhering to the quality-oriented principle. Our products are well known for “advanced technique, reliable quality and high reputation”. The R & D Department makes best use of advanced design & graphic software, computer programming and digital technologies to ensure the smooth information transfer between computer and machines, thus creating a digitalized factory. In addition, we also imported more than 60 internationally advanced machines, including 5-axis processing center, slitting machines, CNC milling machines, CMM, etc. All of the manufacturing and testing machines’ sophistication reaches up to world top level. With regard to raw materials, we have established a sound cooperative relationship with numerous well-known international companies on research and development so as to guarantee that our quality owns the great advantages in comparison with the imported products.

Our company is equipped with perfect sales & after-sale service team, and R & D Department is attracting the talents with master or above degrees. Thanks to the unremitting endeavors made by the whole team, our sales network has covered the whole China and will gradually go global. At present, Libeier products have been sold across Latin America, Southeast Asia, East Europe and Middle East regions.

Embracing the philosophy of “Endless Innovation & Boundless Mind”, Libeier will take full advantage of current product and marketing strength, integrate outstanding technologies, grasp the strategic opportunity of China’s rapid economic development in the coming 10 years and insist on innovation-orientation, so as to build a famous brand in the field.

Our Mission: Continuously strive to improve the quality of life for hundreds of millions of patients.

Our Vision: To achieve and become a world-class orthopedic medical device provider through continuous innovation.

1.5 Mini H1–Plates

Remarks				
Material:	Pure Titanium			
Screw:	1.5 Locking Screws			
Product No.	Model No.	Specification	Length (mm)	Remarks
B00400911	SDJP-A 07003	4H	13	N/A

2.0 Mini H1–Plates

Remarks				
Material:	Pure Titanium			
Screw:	2.0 Locking Screws			
Product No.	Model No.	Specification	Length (mm)	Remarks
B00400908	SDJP-A 07004	4H	13	N/A

1.5 Mini Square Locking Plates– I

Remarks				
Material:	Pure Titanium			
Screw:	1.5 Locking Screws			
Product No.	Model No.	Specification	Length (mm)	Remarks
B00400909	SDJP-A 07103	4H	22.3	N/A

2.0 Mini Square Locking Plates– I

Remarks				
Material:	Pure Titanium			
Screw:	2.0 Locking Screws			
Product No.	Model No.	Specification	Length (mm)	Remarks
B00400912	SDJP-A 07104	4H	24	N/A

1.5 Mini Y–Plates

Remarks				
Material:	Pure Titanium			
Screw:	1.5 Locking Screws			
Product No.	Model No.	Specification	Length (mm)	Remarks
B00400910	SDJP-A 08403	3+8H	46.1	N/A

2.0 Mini Condylar Locking Plates

Remarks				
Material:	Pure Titanium			
Screw:	2.0 Locking Screws; 2.0 Cortical Screws			
Product No.	Model No.	Specification	Length (mm)	Remarks
B00400531	SDJP-A 05904	2H	20.2	N/A
