

Annex to the EC Design Examination Certificate No. 51030-23-G3

Revision status: 0

Valid from 2018-10-01 to 2022-02-14

Report number: 51030-P7-02, 51030-CN18-02

Product: Occlutech Delivery Set

Intended use: The Occlutech Delivery Set is an accessory for carrying out percutaneous, catheter based interventions. The Occlutech Delivery Set is intended to implant Occlutech devices into the heart or vascular defects. With the aid of the Occlutech Delivery Set the occluder device is passed through the vascular system to the defect and positioned there.

Technical data:

Art. Nr.	Size	Length sheath [mm]	Length Loader [mm]	Dilator tip extension to sheath [mm]	Length Hemo-valve [mm]	Distal Angle
