Product information "Ansmann charger - Powerline 5 PRO "

Ansmann charger - Powerline 5 PRO

Charger with multifunctional, clear and illuminated LCD display for 1-4 NiMH / NiCd batteries (Micro AAA / Mignon AA / **Baby C / Mono D**) as well as a 9V NiMH / NiCd E-Block.

including USB charging output (5V / 1000mA), compatible with all standard USB devices

individually selectable charging programs: charging, discharging, refreshing and testing (capacity test in mAh)

Adjustable charging currents per slot: 400mA, 600mA or 800mA with 1-4 cells as well as quick charging with 1500mA or 1800mA with 1-2 Mignon AA, Baby C or Mono D batteries in the two outer charging slots

individual query of voltage, capacity, time and charge or discharge current (for round cells)

Microprocessor control for monitoring the charge level of the individual batteries (individual bay monitoring)

Reverse polarity protection, short circuit protection and multiple overcharge protection of the batteries

automatic shutdown (-dU for round cells, timer for 9V) and switchover to pulse trickle charging

Including wide-range power supply (100-240V) for worldwide use and 12V car adapter for charging in the car or mobile home
