

Certificate of Quality

This certifies that the products manufactured by Consort bvba are subject to the industry's highest standards of quality at every level of production. From design through Schematics, PCB layout, software, component procurement, electronic subsystem assembly, mechanical fabrication to finishing and testing the final product.

Consort bvba guarantees that our products are in conformity with the European Community directives and standards.

Satisfaction Guaranteed

Dedicated to customer service and quality manufacturing, Consort bvba guarantees its products will be free of defects in materials and workmanship and will repair or replace any product that fails to perform as promised.

Design, Manufacturing and Test Procedures

Consort bvba designs all products entirely in-house using industry standard hardware and software development tools. We partner for sub-assembly manufacture, but we carry out all final assembly and test entirely in house. Every product is inspected for quality and supplied with a certificate of calibration on leaving our facility for shipping to the customer.
