This serves as a letter of reference for Mr. ADRIAN BALACEANU. He worked with me in the Network Service Delivery Department at IDC IBM / AT&T Global Services Delivery Center for that period. He began here as member of network security team then member of problem and change resolver team.

During this period ADRIAN's service with us I, like many others in the department, came to know and appreciate him very much as team player, he was always punctual, dedicated to his work and the job at hand.

ADRIAN demonstrated from early in his tenure that he understood what business is all about. He was well organized. He was quite aware of the bottom line, and had a knack for recognizing and eliminating waste. I suppose doing well in business is easy if you are, as he was, efficient by nature.

I would like to be very clear about Mr. ADRIAN is no longer with us. ADRIAN is available for new challenges only because of his desire to learn and grow further. We would have loved to see him stay, but certainly understand his need to advance beyond the positions we have available.

In closing, let me say I have no hesitation in recommending Mr. ADRIAN BALACEANU for any technical position in network position. I feel confident he would be an asset to your organization.

Sincerely,

Adam Sabak
