Regulation (EU) 2019/424

EN 303 470 V1.1.1

Restriction of the use of certain hazardous substances (RoHS)

EN IEC 63000:2018

The product complies with the requirements of Directive 2014/35/EU relating to electrical equipment designed for use within certain voltage limits, Directive 2014/30/EU relating to electromagnetic compatibility, Directive 2009/125/EC establishing a framework for the setting of ecodesign requirements for energy-related products, Directive 2011/65/EU as amended on the restriction of the use of certain hazardous substances in electrical and electronic equipment, and carries the CE marking accordingly.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

As of the date of first importation or marketing of the equipment models, HPE certifies that the equipment models are not produced by any subsidiaries and affiliated entities identified on the Covered List, according to Section 2.903 of FCC rules. HPE certifies that HPE is not identified on the Covered List as an entity producing "covered" equipment.

Additional Information

This product is assigned a Regulatory Model Number which stays with the regulatory aspects of the design. The Regulatory Model Number is the main product identifier in the regulatory documentation and test reports, this number should not be confused with the marketing name or the product numbers. Any product bearing this Regulatory Model Number that does not carry the CE marking is not compliant with all the requirements listed above and may not be placed on the EU market.
