

Certified ISO 22301 Lead Auditor - I22301LA

This certification certifies that Mr. LUCAIN CHETE, is certified as Lead auditor for business continuity and ISO 2230: 2019 requirements.

The certification follows the structure of the ISO 22301 standard covering the following requirements: Organization context, management, planning, support, operation, evaluation and performance improvement.

Business continuity is not limited to information systems, it goes further, taking into account the integrity of the people who work in the company.

Mike Lauren – Trading Certification
