Hi guys,

Signing off on v1! Just need the patient upload and scan upload features now, and we're good to go.

Best,

### **What is Oatmeal Health?**

Oatmeal Health is revolutionizing healthcare by creating a Minority Data Hub through AI-powered cancer screenings at Federally Qualified Health Centers (FQHCs). By addressing disparities in clinical trial representation, we enable Pharmaceutical drug discovery and Medtech breakthroughs that benefit all populations, ensuring equitable access to life-saving treatments.
