Food Ration Pack 24 H

jomipsa always
safe

1 person

DESCRIPTION

Designed to provide an immediate solution in complex situations or when food supply is complicated.

This ration includes all the necessary elements to cover the energy needs of a day, as well as the necessary supplements for its consumption.

PRESENTATION

Portion made up of individual menus for 1 breakfast, 1 lunch and 1 dinner.

100% recyclable polyethylene bag suitable for food use, sealed to protect the contents from moisture and foreign elements.

Dimensions: 350 x 500 mm.

Gross weight: 2.kg

STORAGE CONDITIONS

Store in a cool, dry place. Keep away from direct sunlight and heat sources.

TERMS AND CONDITIONS OF USE

Several of the food products in this ration contain or may contain allergens. For more details, please refer to the labeling of all items individually before consumption.

Food supplements should be consumed in accordance with the instructions for use on each of them and, where appropriate, the maximum recommended dose should not be exceeded.

INSTRUCTIONS FOR USE

See instructions, if applicable, on the packaging of each item. Ready-to-eat meals can be eaten directly in their packaging, both hot and cold.

LABELLING AND TRACEABILITY

All food items are labelled with the food information established by R(EU) 1169/2011 in addition to the marking of the manufacturing batch according to Directive 2011/91/EU.

The ration, in addition to the minimum shelf life date (mm/yyyy), determined by the article with the closest consumption date, is marked with its corresponding manufacturing batch.

APPLICABLE LEGISLATION

This product complies with the general principles and requirements of food law, in line with Regulation (EC) 178/2002. It also complies with the applicable European Union regulations and directives on food safety, specifically Regulation (EC) 2073/2005 on microbiological criteria for food, Regulation (EU) 2023/915 setting maximum levels for contaminants in foodstuffs, Regulation (EC) 1829/2003 on genetically modified food and feed, and Directive 1999/2/EC on radiation-treated food and food ingredients ionizing. Each production batch is controlled to ensure compliance with these standards.

JOMIPSA has implemented and certified management systems that ensure quality, food safety and respect for the environment in all its operations. These systems meet the requirements set out in the international standards ISO 9 001, ISO 14 001, ISO 22 000 and the FSSC 22 000 standard for food safety, providing a solid guarantee of compliance with the highest standards in each area, ensuring efficient and reliable management of your services, which reinforces our commitment to continuous improvement and customer satisfaction.
