生产现场实景拍摄

天津市普光医用材料制造有限公司（以下简称普光公司）是天津市医药集团重点企业成员之一。普光公司成立于1998年，坐落于天津新技术产业园区武清开发区内，是一家集医疗消毒用品的设计研发、生产销售，以及非标机械设备制造，复合包装材料生产及印刷制作为一体的外向型高新技术企业。公司占地面积37400m²，注册资本人民币1.27亿元，现有员工200余名。

公司建有严密的质量监控体系，已通过欧盟CE认证、美国FDA注册、ISO9001/13485生产质量管理体系认证和SA8000社会责任管理体系认证。全线产品均按照国际化高标准的10万-30万级GMP生产环境中完成，受到北美、欧盟、澳洲、中东、东南亚等四十多个国家和地区的客户青睐。

普光公司具备高素质科研技术力量，研发中心配有综合实验室及各种高端理化、微生物实验仪器；多年来根据市场需求，不断成功设计开发出新产品，为客户提供强大的技术支持及产品质量保证。

公司同时拥有强大的机械设计、研制及批量生产能力，可依据客户需求进行设备的设计与制造，为公司的长远发展提供了强劲的推动力量。

最优的质量，最好的服务，是普光公司永远的追求！

Lights Medical Manufacture Co., Ltd. (Lights Medical) is one of the most important members of Tianjin Pharmaceutical Holdings Co., Ltd. (TJPH). Established in 1998, Located in Wuqing Development Area, Lights Medical is an export-oriented, high technological and professional corporation integrating researching, developing, designing, producing and selling, mechanical manufacturing, raw materials processing and printing for medical antiseptic products. It covers a area of 37400 m², with the registration capital of 127 million and more than 200 staffs.

Lights Medical has consummate quality control system and got CE certificate, FDA registration, ISO9001/13485 quality management system certificate, and Social Accountability 8000 (SA 8000) certificate. All the products are manufactured in the GMP workshop Class 100,000 – Class 300,000 standard according to international criteria, and are very popular among customers from more than 40 countries and regions, such as North America, European Union, Australia, Middle East, and Southeast Asia, etc.

Lights Medical possesses high-quality technical personnels. The research and development center is equipped with comprehensive laboratory and all kinds of high-end physical and micro-organism experimental instruments. Over the years, in order to meet the market needs, Lights Medical continues to launch the newly developed products and provides strong technical supports as well as quality assurance to our customers.

Lights Medical owns the capabilities of mechanism design, research and development and mass production. We could design and manufacture the machines according to customers' requirements, which may provide strong driving force for company's long-term development.

Good quality, superior service---these are what Lights Medical always pursue!

产品已出口到
四十三个国家及地区达二十五年以上

天津市普光医用材料制造有限公司成立于1998年，专业生产医疗用品。全部产品按照国际化标准采用自动化生产线并在10万至30万级洁净生产环境中完成。产品销往40多个国家和地区，全球各个区域均有份额，全球客户多达300多家公司，出口二十多年来受到客户好评。建有严密的品质监控体系，已经通过CE认证、ISO9001/13485（生产品质管理体系）认证、美国FDA注册和SA8000(社会责任管理体系)认证。

普光公司是国内专业生产湿片的工厂，产品范围涉及医用、美容、酒店等多领域。生产多种药液、多种规格尺寸、多种克重、多种材质(各种无纺布、湿强纸等)、多种包装方式的湿片类产品。完全与全球公认产品同步。产品同时可以按照客户的订制要求，生产OEM型产品。

基于全球客户对质量控制的严格要求，我司产品遵循国际化的标准，来满足客户的质量要求。因此，所用原料尤其化学品大多为进口产品，并与国际公认的质量优质供应商签有长期订购协议，来保证我司产品的质量。

Established in 1998, Lights Medical Manufacture Co., Ltd. is a professional manufacturer of medical supplies. All the products are manufactured by automatic production lines in the GMP workshop Class 100,000- Class 300,000 standard according to international criteria. The products are exported to more than 40 countries and regions and take the market share in every region in the world. With high international reputation, we have more than 300 customers throughout the world. Lights Medical has consummate quality control system and got CE certificate, FDA reistration, ISO9001/13485 quality management system certificate, and Social Accountability 8000 (SA 8000) certificate.

Lights Medical is a factory specialized in manufacturing wet pads, which are widely used in many fields such as medical supplies, beauty, hotel, etc. Synchronizing with the international trend, we could produce various kinds of wet pads with different pharmaceutical solution, specifications, sizes, weights, materials(such as different kinds of non-woven and paper), and packages. Meanwhile, we could manufacture OEM products according to customers' requirements.

Due to customers' special concern about the quality control, Lights Medical produces all our products in accordance with the international criteria in order to fulfill customers' quality requirements. Therefore, most of the raw materials we use, especially for the chemicals, are imported. We have signed the long-term purchasing agreements with the internationally renowned high quality suppliers so as to ensure the products' quality.

普光公司生产的护指型消毒棉片，除了LIGHTS系列医用消毒片共同的产品优势外，本产品以专利技术将浸满药液的无纺布固定在复合包装的内部，保护了手部皮肤又避免了二次交叉感染；并且具有独特的专利包装设计使包装易撕开。

基于全球客户对质量控制的严格要求，我司产品遵循国际化的标准，来满足客户的质量要求。因此，所用原料尤其化学品大多为进口产品，并与国际公认的质量优质供应商签有长期订购协议，来保证我司产品的质量。

Lights Medical is a factory specialized in manufacturing finger protective disinfectant prep pad. In addition to the common product advantages of LIGHTS series medical disinfection prep pad, the finger protective disinfectant prep pad has a patented technology to fix the non-woven fabric filled with liquid inside the aluminum foil paper, which protects the skin of hand and avoids secondary cross-infection. It also has a unique patented packaging design that makes the package easy to tear.

Due to customers' special concern about the quality control, Lights Medical produces all our products in accordance with the international criteria in order to fulfill customers' quality requirements. Therefore, most of the raw materials we use, especially for the chemicals, are imported. We have signed the long-term purchasing agreements with the internationally renowned high quality suppliers so as to ensure the products' quality.

Add: No.19 Quanda Road, Wujing Development Area, Tianjin

地址: 天津新技术产业园区武清开发区泉达路 19 号

天津市普光医用材料制造有限公司成立于1998年，专业生产医疗用品。全部产品按照国际化标准采用自动化生产线并在10万至30万级洁净生产环境中完成。产品销往40多个国家和地区，全球各个区域均有份额，全球客户多达300多家公司，出口二十多年来受到客户好评。建有严密的品质监控体系，已经通过CE认证、ISO9001/13485（生产品质管理体系）认证、美国FDA注册和SA8000(社会责任管理体系)认证。

普光公司2010年得到德国巴斯夫公司聚维酮碘在中国大陆总经销商权，并被授权允许在产品包装上印刷聚维酮碘原料由全球唯一拥有DMF号的巴斯夫公司独家提供的标识，以其为主材研制的I、II型聚维酮碘皮肤消毒液于2011年全面推向中国市场。

※ 其有效碘损失率最低，稳定性可达36个月。

※ 不含酒精、无需脱碘、可安全使用。

※ 聚维酮碘皮肤消毒液及其包装生产环境达到30万级洁净标准。

※ 聚维酮碘皮肤消毒液在产品稳定性、微生物杀灭试验(金黄色葡萄球菌、铜绿假单胞菌、白色念珠菌、大肠杆菌等菌种)、现场消毒试验(手部表面自然菌、皮肤表面自然菌)、毒理试验(小鼠急性经口毒性试验、小鼠骨髓嗜多染红细胞微核试验、多次完整皮肤刺激试验、一次破损皮肤刺激试验、急性眼刺激试验、阴道粘膜刺激试验、亚急性毒性试验)等多项检测试验上，经权威机构北京军事医学科学院检验均一次性通过。

※ 聚维酮碘皮肤消毒液无致敏性，在伤口和粘膜中使用不会引起疼痛。

※ 聚维酮碘皮肤消毒液形成的薄膜能保护开放性创伤，而这种薄膜可以水洗，不会长时间玷污皮肤、纤维或坚硬表面。

Established in 1998, Lights Medical Manufacture Co., Ltd. is a professional manufacturer of medical supplies. All the products are manufactured by automatic production lines in the GMP workshop Class 100,000- Class 300,000 standard according to international criteria. The products are exported to more than 40 countries and regions. Lights Medical has consummate quality control system and got CE certificate, FDA registration, ISO9001/13485 quality management system certificate, and Social Accountability 8000 (SA 8000) certificate.

In 2010, Lights Medical become the agent of BASF povidone iodine in mainland China. We are authorized to print on product packaging the logo that the povidone iodine ingredient is exclusively supplied by BASF, the only company in the world with a DMF number. Povidone iodine disinfectant type I and II, which is based on povidone iodine, was fully introduced to the domestic market in 2011.

※ It has the lowest effective iodine loss rate and is stable for up to 36 months.

※ It does not contain alcohol, does not require deiodization, and can be used safely.

※ The production environment of povidone iodine disinfectant and its packaging meets class 300,000 cleanliness standards.

※ The povidone iodine disinfectant has passed a number of tests such as product stability, microbial killing test (Staphylococcus aureus, Pseudomonas aeruginosa, Candida albicans, Escherichia coli and other strains), field disinfection test (Natural bacteria on the surface of the hand, natural bacteria on the surface of the skin) and toxicology test (Acute oral toxicity test in mice, mouse bone marrow multi-stained erythrocyte micronucleus test, multiple intact skin irritation test, one broken skin irritation test, acute eye irritation test, vaginal mucous membrane irritation test, subfissure toxicity test) by the authoritative institution Beijing Academy of Military Medical Sciences.

※ Povidone iodine disinfectant is non-sensitizing and does not cause pain when used in wounds and mucous membranes.

※ Povidone iodine disinfectant forms a film that protects open wounds, and this film is washable and will not stain skin, fibers or hard surfaces for long periods of time.
