

№ 441

28.12.2021.

To whom it may concern

We, Atlas Copco, declare that for the proper operation of the compressed air systems offered by us, it is necessary that the ventilation system be developed in accordance with the installation instructions.

For GA 15 compressors, GA 26 is point 8.2, installation proposal in table sub-point 4.

For GA 37 compressors, GA 45 is item 4.2, installation proposal in table sub-item 4.

Atlas Copco informs you that to date the partner company Romedcom SRL from the Republic of Moldova has executed all the installations in accordance with the above mentioned requirements under our strict control, which is demonstrated by the decommissioning sticker with world warranty glued on the equipment mounted.
