1. The presented documents from applicant:

	Yes	No
• Application form for STANDARD 100 by OEKO-TEX®	X	
• Signed Declaration of conformity	X	
• Copy of STANDARD 100 by OEKO-TEX® certificates of source materials		X

2. The completed tests:

The test results are included in Test Report No. **2/360-2019**.

This is the **5th** prolongation of the certificate No. **25.3.0146**.

3. Opinion:

The presented documents and the results of the performed tests show that the article group **“Polyurethane foam standard (VR), high resilient (HRR), Novaflex (NFR) and combustion modified (CM, including flame-retardant product accepted by OEKO-TEX®), raw or coloured, up to the thickness of 20 cm.”** can be certified according to STANDARD 100 by OEKO-TEX® Appendix 4, product-class I.

The applicant is granted authorization to mark the article group **“Polyurethane foam standard (VR), high resilient (HRR), Novaflex (NFR) and combustion modified (CM, including flame-retardant product accepted by OEKO-TEX®), raw or coloured, up to the thickness of 20 cm.”** according to the requirements described in the STANDARD 100 by OEKO-TEX®.

The authorization is valid until 30.09.2021.

The Expert Opinion does not replace the certificate. The STANDARD 100 by OEKO-TEX® mark is only allowed with a valid certificate.
