Medical X-Ray Tube Warranty

Varex Imaging Corporation ("Varex") warrants its X-Ray Tubes ("X-Ray Tubes") as follows:

X-Ray Tube Limited Warranty

Varex warrants the X-Ray Tubes it manufactures to be free from defects in material and workmanship that impair their performance and to be in substantial compliance with operational features of Varex's published specifications at the time of sale. Varex's warranty shall continue for the period of time specified below or as specified on Varex's quotation or agreed to in writing by Varex.

X-Ray Tube Warranty Periods

Standard warranty periods for particular X-Ray Tubes are listed below. If no period of time is so stated or agreed, then Varex's warranty is limited to thirty (30) days. Different standard or agreed warranty periods may apply.

Varex X-Ray Tube Type	Standard Warranty Periods
Medical/Glass (1)	12 Months Non-Pro rata*
Mammography	12 Months Pro rata*
Metal Center Section Tubes	12 Months Pro rata**

(1) Optional 24 Month Pro rata Warranty - see reverse side

*Warranty period is twelve (12) months from date of installation but in no event later than eighteen (18) months from date of shipment from Varex's factory.

Remedies

If Varex examination confirms that an X-Ray Tube has failed during the Warranty Period through no fault of Customer, the Customer's sole and exclusive remedy shall be according to one of the following:

Non-Pro rata Period - If failure occurs during a non-pro rata Warranty Period, Varex will, at Varex's option and at no cost to Customer, either repair or replace the X-Ray Tube upon return of the failed X-Ray Tube to Varex. The warranty period remaining on the X-Ray Tube, at the time the tube is taken out of service, shall apply to the repaired tube or the replacement tube that is returned to the Customer by Varex.

Pro rata Period - If failure occurs during a pro rata warranty period, Varex will at Varex's sole option either: (1) refund the pro rata portion of the purchase price, (2) repair the X-Ray Tube, at no cost to the Customer, upon return of failed X-Ray Tube to Varex, or (3) apply a pro rata credit on a replacement order for a new X-Ray Tube. Refund or credit amount is determined as follows:

$$\text{Credit} = (A - B) \left\{ \frac{C - D}{C} \right\} + B$$

Where; A = Purchase Price
B = Trade-in credit/Exchange credit
C = Number of warranty days
D = Number of days of use

Note: Industrial X-Ray Tubes and CT X-Ray Tubes are warranted as specified on separate Varex Warranty forms for the specific type of X-Ray Tube.

X-Ray Tube Warranty Conditions

All remedies are expressly conditioned on all the following:

- Repairs and adjustments of X-Ray Tubes must be made (or directed in writing) by authorized Varex personnel only. Unauthorized repairs or adjustments will void this warranty.
- The X-Ray Tube must have been used under normal operating conditions within the respective Varex-specified ratings and according to Varex operating

instructions. Misuse, abuse, or improper installation will void this warranty. Varex shall make the sole final determination about whether failure occurred in normal operation (under warranty) or whether the X-Ray Tube was subjected to other than normal operation (excluded from warranty).

3. Customer must give Varex written notice of X-Ray Tube failure before the end of the X-Ray Tube Warranty Period, and return it prepaid to Varex with a completed TUBE SERVICE REPORT describing the reason for return, operating conditions, dates of installation and removal, counter readings at installation and removal, and other pertinent information. Varex may solely determine probable number of scans or hours of usage of the X-Ray Tube when no accurate records can be found. All repairs not within warranty will be invoiced at prevailing rates, but Varex will not begin work without Customer's approval of charges.

4. Unless otherwise agreed by Varex, Customer shall pay costs of shipping for X-Ray Tubes returned to Varex for repair or adjustment, shall be responsible for loss or damage in transit, and shall file claims for loss or damage in transit.

5. The Warranty Period remaining on the date Varex received notice of failure shall apply to the repaired or replaced X-Ray Tube from the date of reshipment to Customer.

Exclusions from Coverage

Varex's warranties shall not apply to the extent that malfunction is caused in Varex's reasonable opinion by (1) accident, abuse, alteration, misuse, or neglect, (2) failure to use Products under normal operating conditions or environment, or within Varex specified ratings, or according to any operating instructions provided by Varex, (3) lack of routine care or maintenance as indicated in any Varex operating or maintenance instructions, (4) failure to use or take any proper precautions under the circumstances, (5) user modification of any Product or Software, or (6) latent defects discovered after expiration of the applicable warranty period. This warranty does not cover Buyer-supplied software, equipment warranted by another manufacturer, or replacement of expendable, consumable, or limited life items.

Exclusion of Implied Warranties

This limited warranty is expressly in lieu of and EXCLUDES all other express or implied warranties including but not limited to warranties of MERCHANTABILITY and of FITNESS for a particular purpose, use, or application.

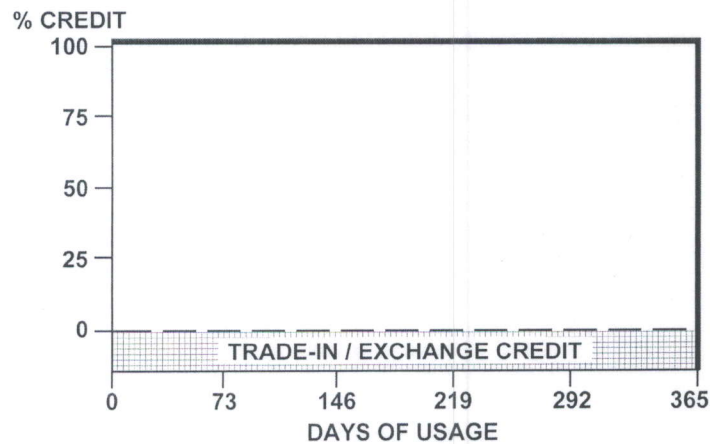

Limitations on Damages and Liability

VAREX'S TOTAL LIABILITY IN DAMAGES OR OTHERWISE SHALL NOT EXCEED THE PAYMENT, IF ANY, RECEIVED BY Varex FOR THE UNIT OF PRODUCT, SERVICE OR SOFTWARE FURNISHED OR TO BE FURNISHED RESULTING IN THE LOSS OR DAMAGE CLAIMED. IN NO EVENT SHALL VAREX BE LIABLE FOR INCIDENTAL, CONSEQUENTIAL, INDIRECT, PUNITIVE, OR SPECIAL LOSS OR DAMAGES OF ANY KIND, SUCH AS, BUT NOT LIMITED TO, LOST BUSINESS REVENUE, LOST PROFITS, OR COSTS OF DOWNTIME RESULTING FROM VAREX'S PRODUCTS, SERVICES, OR SOFTWARE, HOWEVER CAUSED, WHETHER BASED ON CONTRACT, TORT (INCLUDING NEGLIGENCE), OR ANY OTHER LEGAL THEORY. Liability to third parties for bodily injury, including death, resulting from Varex's performance or Products shall be determined according to applicable law. No claims, regardless of form, arising out of, or in any way connected with Products, Software, or Services furnished by Varex, may be brought by Buyer more than one (1) year after the cause of action has accrued or Varex's performance has been completed or terminated, whichever is earlier.

Certificate of Registration

QUALITY MANAGEMENT SYSTEM - ISO 13485:2016

This is to certify that:

Varex Imaging Corporation
1678 South Pioneer Road
Salt Lake City
Utah
84104
USA

Holds Certificate No:

FM 77566

and operates a Quality Management System which complies with the requirements of ISO 13485:2016 for the following scope:

The design, development, manufacture, distribution and full refurbishment of medical X-ray generating tube products and X-ray imagers and imaging components.

For and on behalf of BSI:

Stewart Brain, Head of Compliance & Risk - Medical Devices

Original Registration Date: 2003-10-29

Latest Revision Date: 2018-11-28

Effective Date: 2018-11-28

Expiry Date: 2021-06-05
