ABOUT TURKUAZ HEALTHCARE

Since 2000, we have been reaching to more than 128 countries of the world from Turkey by manufacturing and exporting Medical Products, Disinfectant and Antiseptic Products, Non-prescription Products (OTC Products), Food Supplements, Sexual Health Products, Dermocosmetic and Personal Care Products. We own globally known brands; KONIX, KLY, Konicare, Mediseptica, Gynoseed, Gynotal, Joydrops and VitaSupp. At the same time we have a huge experience in Private Label and OEM production. Our experience of Private Label and OEM production is more than 20 years. We are a leading manufacturer in the medical sector, representing our country successfully in the global arena.

We are awarded as one of the leading at 'Turkey's Exporters' with our export performance covering 70% of our production capacity in the medical products. We have GMP (Good Manufacturing Practice) Certificate, indicating that we have international quality standards in all processes of the product, ISO 13485: 2016 certificate certifying that we produce Class I, CE certified Class IIA, Class IIB and Class III products and Halal Certificate registering that we manufacture according to Islamic rules. In the medical sector, we are one of the leading manufacturers in Europe with production standards at Class III level.

We make world-class production and Research and Development (R&D) activities in our 20,000 square meter closed area in Istanbul, which is operated in accordance with ISO 9001 standards. Our R&D center, approved by Turkish Ministry of Science and Technology, has been one of the pioneers of the sector by developing many patented products. Changing world trends are examined thoroughly in our R&D center and our laboratories equipped with modern devices. We continue to lead the sector by introducing our innovative products to the market with the implementation of the international production standards.
