ABOUT ME

Solution-driven developer excelling in highly collaborative work environment, finding solutions to challenges and focused on customer satisfaction. Proven experience developing web sites using HTML, Bootstrap, JQuery, PHP and JavaScript. Experience building products for desktop, phone and mobile app users, meeting highest standards for web design, user experience, best practices, usability and speed. Responding to challenges by designing and developing solutions and building web applications aligned to customer's services. Translating solutions into code and working across many different APIs, third-party integrations and databases.
