## Complexului scenic a Palatului Național „Nicolae Sulac”

A large, ornate, golden-brown theater curtain with a man standing in front of it. The curtain features a deep, repeating pleated pattern that creates a series of vertical ridges and valleys. The fabric has a metallic sheen, reflecting light in a way that emphasizes its texture. A man, seen from the back, stands in the lower right foreground, looking up at the curtain. He is wearing a light-colored, short-sleeved button-down shirt and light-colored trousers. His hands are on his hips, and he appears to be in a state of contemplation or admiration. The floor in front of the curtain is a dark, polished surface, possibly wood or stone, which reflects some of the light from the curtain. The overall scene is set in what appears to be a theater or a large hall, with the curtain being the central focus of the image.
