O-Insights™
OPC UA Plugin

Overview:

O-Insights OPC UA Plugin allows data exchange between Milestone and OPC UA SCADA, with which the VMS alarms and events and vice versa can be shared seamlessly.

The Milestone OPC plugin allows any OPC UA client to easily access all the cameras and recording server(s') status from the Milestone XProtect server.

The OPC UA Config tool lets the users configure the OPC UA settings, Certificates and Authentication Modes.

Minimum Server Requirements

CPU:
