

Technical Data Sheets

Product Name:		Biohazard bag 30L
Catalogue no		BHB25196
Specification		600x700mm \pm 10mm, 50 μ m Sealed with two thermal welded lines
Material		PE
Appearance Quality		The surface is basically flat, no wrinkles, no stains, no impurities, no scratches, no bubbles, no pinholes
Tensile strength	Vertical/Mpa	≥ 20
	Horizontal/Mpa	≥ 20
Elongation at break	Vertical/%	≥ 250
	Horizontal/%	≥ 250
Leakage		No leakage
Heat seal strength/N/15mm		≥ 10
Package		The identification on the packaging box should meet the requirements, whether the printing is clear, whether the shipping mark is accurate, and whether the product quantity is correct.
