Certificate of Partnerships

To whom it may concern,

Oxyhelp Industry and Power Space are partner companies, organized in Romania and ruled by people (Romanian citizens), who are part of the management bodies of both companies.

Mr. Săndulescu George Marius and Mr. Ancuța Valentin Ovidiu are associates and together they lead the two companies. Each of them ensures the executive management of a company.

Oxyhelp Industry is a corporation that is primarily engaged in the marketing, sale and delivery of non-medical products that are the subject of the business, while Power Space is mainly engaged in the manufacture of these and less in their selling.

For your safety, we declare that Power Space and Oxyhelp Industry are interdependent on their business, producing and selling the same products - Model Oxylife I and Oxylife C

Both companies deliver products recognized in the European Union, Asia, Africa and America, accompanied by certificates of origin, warranty certificates and other documents attesting the provenance and quality of the products.
