

Motorola Solutions – GKN6274 (GKN6274A/B/C) – Battery Power Cable

Quick datasheet summary (compiled from public accessory lists and distributor product sheets).

Item	Value
Product type	12 V DC battery power cable (in-vehicle/mobile radio power lead)
Length	6 m
Fuse	In-line fuse, 10 A
Typical use/compatibility	Motorola TETRA mobile terminals (e.g., MTM800 / MTM5400 series);
Notes on variants	The accessory list uses “GKN6274_” (underscore) indicating regional.

Public sources used

- Motorola MTM800 TETRA Terminal Accessory Leaflet – lists: “GKN6274_ ... 6 metre 12V power cable to battery with fuse 10A”.
- Firecom product sheet (PDF) – describes “PWR CBL 3086026B02 10A FUSE” for GKN6274A.
- Selected distributor listings (examples): LEWEL and Sure Antennas (confirm 6 m, 12 V, 10 A fuse; some listings add conductor gauge/cross-section details).
