Safety Scalpels with blade protector

Disposable safety scalpels with lockable blade protector. The blade protector can be opened and reclosed again. Additionally, the blade protector can be firmly locked so that the scalpel cannot be opened anymore and the risk of injuries is significantly minimized. The scalpels are available with different variants of the blades.

- Sterile:

Yes
- Country availability:

Please note: not all products are available in all countries. Feel free to contact our international sales team about any questions relating to our sales and services.
