S1

Painted metal cabinet with 12 floors and complete with colored fronts and drawers in ABS (color on request), which allow you to store **paraffin blocks**.

- Capacity: 336 drawers to house 36,960 paraffin blocks.
- S3 • Twelve levels of height and 28 double drawers in each level.
- S4 • **Base with 4 wheels**, for easier handling in moving and transporting.
- External dimensions: 107x56x194 cm. (width x depth x height)
- S6 • Interchangeable drawers in ABS plastic, in order to be lighter and safer for the operator (it has no problems with oxidation or burrs due to welding).
- S8 • Easy sliding on guide with end stop.
- Possibility of inserting the label at the top of the front panel.
- S10 • Each drawer is divided into three sections.
- Optional closing doors and lock on request
