AT HOME ON THE ROADS OF THE WORLD

PART OF A STRONG BRAND FAMILY

Fortune Tires is one of four brands of Prinix Chengshan (Shandong) Tire Company. In 1976, Prinix Chengshan was founded and developed its first tire. With a total turnover of 959 million USD in 2020, the company is among the 10 largest Chinese tire manufacturers. Sold in more than 130 countries, Prinix Chengshan was the first Chinese tire manufacturer to be quoted on the Hong Kong Stock Exchange (HKEX). In 2019 the company was given an award by the HKEX as the “Most Valuable Automobile and Industrial Manufacturing Stock Company”.

As a renowned Chinese tire company, Prinix Chengshan uses the latest industry standards and continuously researches new, green (environmentally friendly) technologies. The company via its own in-house state of the art R&D Centre is continuously expanding, optimizing and further developing its entire product range. The international tire company is strengthening its global presence with its own branches in Europe and North America and its first overseas factory in Thailand.

North America
Headquarters
(Los Angeles, USA)

PRINX CHENGSHAN IN EUROPE

After first being settled in Slovakia, Prinx Chengshan Europe, opened its Headquarters in Darmstadt in the Rhine-Main Area, Germany, in the center of the strongest European market. From here, experienced professionals coordinate the activities, for the entire European market.

130

Our 4 tire brands are sold in more than 130 countries worldwide.

192

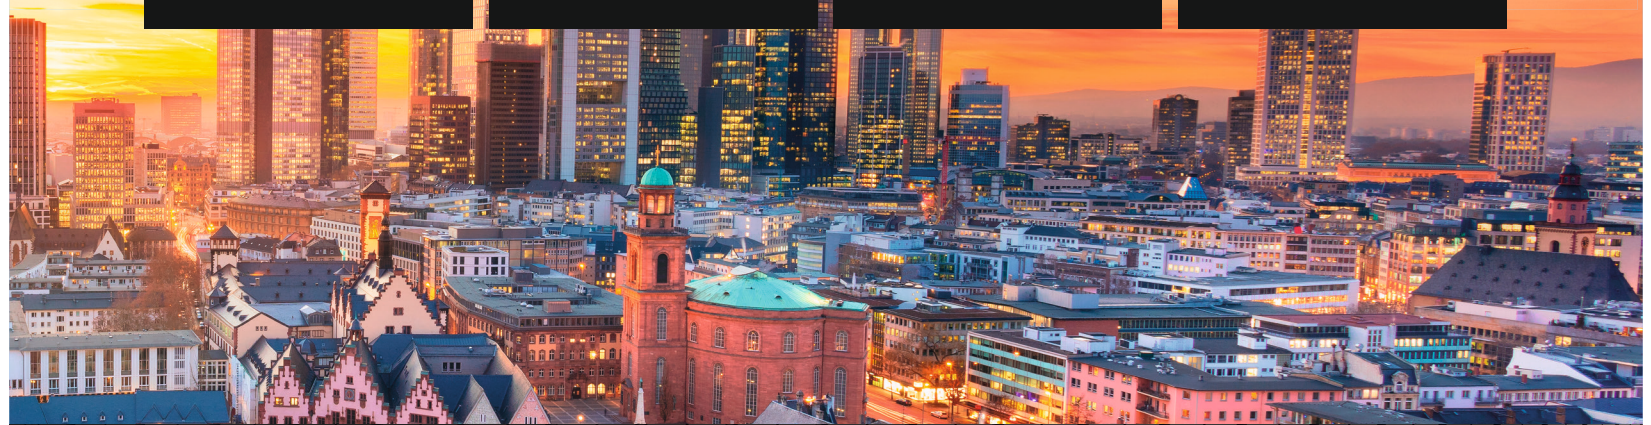

More than 192 different vehicle models with wheel sizes between 13 and 22.5 inches are offered.

30 M

Total annual production capacity in our Chinese and Thai production plants.

100

Prinx Chengshan is one of the leading OE providers in the Chinese market. Every OE tire has to pass about 100 different tests.

VERIFIED IN QUALITY AND SAFETY

Test facility
in Ivalo, Finland
68° 39' North

Test facility IDIADA in
Santa Oliva, Spain
41° 15' North

Fortune Tires have been subject to intensive testing by well-known but independent professional test drivers and engineers at the testing grounds of TEST-WORLD in Ivalo, Finland and IDIADA in Santa Oliva, Spain, both of which are considered to be amongst not only the best test tracks in Europe but also the World. Tests included, snow, wet and dry braking, wet circle and on the fatigue track.

ICONS USED IN THE CATALOGUE

Comfort

Low noise

Fuel efficiency

High mileage capability

Exceptional wet grip

Sporty drive

High endurance load

Durable and rigid construction

All weather traction

Advanced winter performance

Improved snow and ice traction

Advanced handling performance

Enhanced water dispersion

Green technology/
environment-friendly

PASSENGER CAR TIRES

FSR-701

UHP

The new generation FSR-701 is engineered to deliver precise wet and dry handling performance.

With an asymmetrical tread design and enhanced tread rubber formula, FSR-701 provides exceptional performance on the street.

- Superior performance on dry and wet roads
- Superior handling
- Driving stability, also at high speed
- Better cornering
- Highly balanced wet and dry performance

FUNRUN FSR-802

HP

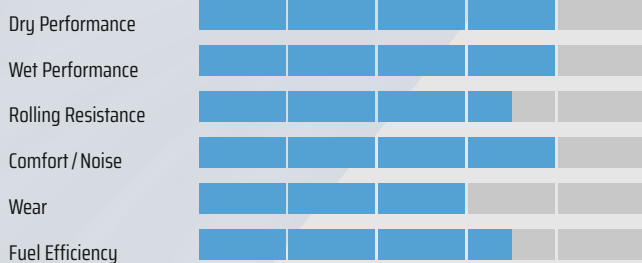

FUNRUN FSR-802, a state-of-the-art product! Designed to enjoy everyday travel, safer and smoother, using new technologies for outstanding grip performance and reduced noise level. A convincing tire that keeps performing for longer.

Four massive grooves disperse water quickly to avoid aquaplaning.

Environment-friendly and improved wet grip due to the SSBR (Solution Styrene-Butadiene Rubber) enhanced compound.

- Outstanding long lasting
- Precise wet braking performance
- Quiet and comfortable ride

4X4/SUV TIRES

FSR-303

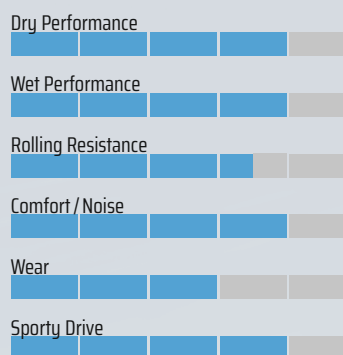

UHP

The FSR-303 is an Ultra-High-Performance SUV tire with an asymmetrical tread design and enhanced tread rubber formula. The FSR-303 provides exceptional performance on the street.

- Strong grip, for smoother braking and handling
- Quiet, reliable handling, even when travelling at faster speeds
- Stable and reliable sporty drive

VAN TIRES

FSR-71

VAN

The FSR-71 is a Light Truck Tire engineered for use on demanding regional applications, ideal for commercial usage. Featuring an enhanced compound to resist tire damage, as well as a reinforced casing to improve load capacity. The FSR-71 delivers exceptional mileage and tread life. Optimised pattern design with high wear-resistant silica tread compound brings high mileage performance.

- Strong resistance to aquaplaning
- Outstanding traction on wet and slippery roads

SNOWFUN FSR-902

VAN

The SNOWFUN FSR-902 is a state-of-the-art VAN winter tire providing excellent slush, snow, and wet traction in all winter conditions while delivering a quiet and comfortable ride on dry and wet roads.

Special silica compound and 3D sipe design ensure the pattern blocks to squirm with each other and provide interlocking function, taking into account the tread rigidity.

Continuous pattern block design prevents slipping on snowy roads and offers excellent handling response.

- Good balance between dry and snow performance
- Excellent traction and braking performance on snowy and icy roads
- Improved mileage even under heavy load
