

New upgrade, new integrated head

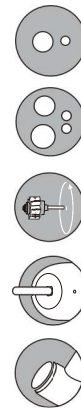

Ceramic bearing
Cartridge passed the Germany
dynamic balance machine test

Wear-resisting, efficient operation

Good cooling system,
soft push button

Aluminum alloys body, light,
colorful, easy clean, easy control

(1:4.2)

Perfect accessibility of 45 degree angle fiber-optic handpiece provides the best adaptability and maximum performance for teeth
Easy access to the molar area
Minimize interference with front and adjacent teeth
45 degree inclined head for supine accessibility and maximum visibility

1:4.2 speed increase

Technical:

Low speed handpiece: 1:4.2 speed

Chuck type:	push button
Spray:	Inner channel
Bur applicable:	Ø1.6 mm
Rotation speed:	about 168,000 rpm

4 hole water spraying
Spraying water to prevent subcutaneous emphysema during surgery
Effectively and quickly cool the needle.

Order code: C7-3
Optic fiber

NEW

External water
Order code: C7-3S
Optic fiber

New upgrade, new integrated head

1:5 speed increase

Technical:

Low speed handpiece: 1:5 speed

Chuck type:	push button
Spray:	Inner channel
Bur applicable:	Ø1.6 mm
Rotation speed:	about 200,000 rpm

Stable, quiet and large torque cartridge

Skillful workmanship, reliable in quality

Specialty for the European style, comfortable feeling

EXTERNAL CONTRA ANGLE

Model: CX235

Dental low speed handpieces

20:1 reduction

Technical:

Low speed handpiece: 20:1 speed

Chuck type: push button

Spray: Inner channel and external

Bur applicable: Ø2.35_{max} mm (ISO 1797-1)

Max speed: 2.000RPM

For implant

Internal cooling system: Kirschner / Meyer

Optic fiber

Fiber optic lighting system,
more clear vision

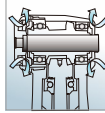

Easy to disassemble without tool

C6-22 can be disassembled with a simple twist for
easy internal cleaning; however, when attached to
a motor, unique locking mechanism makes sure
the handpiece will not disassemble

Double sealing system

Original double sealing system
reliably prevents blood and bodily
fluids from entering the instrument
head; this guarantees longevity of
the instruments.

Optic fiber

Order code: C6-22

Technical:

Low speed handpiece: 20:1 speed

Chuck type: push button

Spray: Inner channel and external

Bur applicable: Ø2.35_{max} mm (ISO 1797-1)

Max speed: 2.000RPM

For implant

Internal cooling system: Kirschner / Meyer

Order code: C6-19

EXTERNAL CONTRA ANGLE

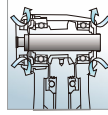

Model: CX235

Dental low speed handpieces

NEW

No risk of cross-infection
Cleaning and disinfecting the
contra angle in place, no risk
of cross-infection.

With double seal structure
Can effectively prevent debris
from entering the contra angle
head and extending the life of
the contra angle

Postoperative cleaning and maintenance is simple:
Easily disassemble the planting bender without the
need for special tools. Cleaning is easier and the
results are visible. Oil injection can directly reach
gears and bearings, and the maintenance effect is
good.

Not easy to damage the contra angle
The internal cleaning and maintenance of the contra
angle is in place, which greatly prolongs the service
life of the contra angle

20:1 reduction

New

**Feature:**

- 1-There are 4 color can adjust temperature, from 4000 to 6000K
- 2-There are 12 high-power LED lights with adjustable illumination and the maximum illumination can reach 100000lux
- 3-Use LED lamp bead with 90 ORL to restore color authenticity
- 4-Conclude touch key and dual control switch with touch
- 5-Both sides have the same key panel, which is convenient for both hands to operate
- 6-Removable handle, alcohol sterilization or high temperature sterilization
- 7-The mirror panel can be easily observed by doctors or patients
- 8-The perfect for no shadow effect

Technical:

Power supply:	24V
Power consumption:	25W
LED light:	12PCS
Light intensity(lux):	>100000LUX
Dimension of pattern:	80X160mm(in the 700mm)
Colour temperature:	4000K~6000K
CRI:	>90Ra
Shadow(solution)	<ø8mm
Eye intensity(lux):	<600lux
Interarction range:	20-80mm
Joint dimension:	ø22
Weight(kg)/PCS	2kg

order name: CX249-24

The mirror panel can be easily observed by doctors or patients

Both sides have the same key panel, which is convenient for both hands to operate

There are 12 high-power LED lights with adjustable illumination and the maximum illumination can reach 100000lux

The beam spot is rectangular and the size is moderate.
(80x160mm at 700mm)
And no dazzle light around

Removable handle, alcohol sterilization or high temperature sterilization

Feature:

- 1-Free movement of 3axes, positioning the light to where you want.
- 2-Removeable handles, easy to clean and easy to mount and dismount.
- 3-Optimized color of light,color temperature range from 5500-6500K, similar just like the natural light from your window, the power of light from 450-550 is limited to minimize the effect on the sensitive material use for the restoration, 4-Factory calibrated at 700mm(the average length of the human arm), a precise 80X160 rectangular light pattern with uniform intensity is produced, outside the light pattern there are 50% lower illustration level compare to specified requirement in ISO standard-illumination occurs only where you want it in the oral cavity, not in the patient's eyes.

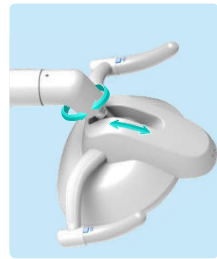

Technical:

Power supply:	AC12-24V
Power consumption:	6-10W
LED light:	6 PCS
Light intensity(lux):	>40000LUX
Dimension of pattern:	80X160mm(in the 700mm)
Colour temperature:	5000-5300K
CRI:	85%
Shadow(solution)	<ø12mm
Eye intensity(lux):	<200lux
Interarction range:	20-80mm
Joint dimension:	ø22
Weight(kg)/PCS	1.6kg

order name: CX249-23

6 high power LEDs Space for camera system reserved

Free movement of 3 axes, positioning the light to where you want.

Removable handles, easy to clean.

Double control system (sensor and switch)

Adjustable illumination (stepless), color temperature in the range of 5000K and 5300K. As a natural light, reduce damage to the eyes during long time operation.

The color and color temperature for the whole light spot are the same, greatly reduce the color separation through the lens, as well as the effect to the light sensitive material.

Feature:

- 1 Super-intense illumination
- 2 Complete shadowless
- 3 Multi-angle adjustable
- 4 Life cycle of the LED can reach 17 years
- 5 Natural color temperature

Technical:

Power supply:	AC12-24V
Power consumption:	6W
LED light:	1 PCS
Light intensity(lux):	>35000LUX
Dimension of pattern:	80X160mm(in the 700mm)
Colour temperature:	5000-6000K
CRI:	85%
Shadow(solution)	<ø12mm
Eye intensiv(lux):	<200lux
Interatcion range:	20-80mm
Joint dimension:	ø22
Weight(kg)/PCS	1.75kg

order name:**CX249-22**
Reflectance

Feature:

- 1-The light is soft, won't hurt your eyes, adpot CRI makes the shining face more realistic.
- 2-No color separation: the color and the color temperature for the whole light spot are the same, greatly reduce the color separation through the lens, as well as the effect to the light sensitive material.
- 3-Light efficiency is higher: The illuminance can reach over 45000 lux when the power is 6W. The reflect mode can reach over 50000lx.
- 4-The LED dental lamp can reach stepless adjustable.

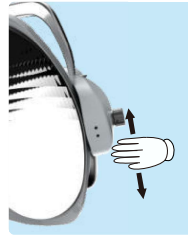

Technical:

Power supply:	AC12-24V
Power consumption:	6W
LED light:	1 PCS
Light intensity(lux):	>40000LUX
Dimension of pattern:	80X160mm(in the 700mm)
Colour temperature:	5000-6000K
CRI:	85%
Shadow(solution)	<ø12mm
Eye intensiv(lux):	<200lux
Interatcion range:	20-80mm
Joint dimension:	ø22
Weight(kg)/PCS	1.1kg

order name:**CX249-21**
Reflectance

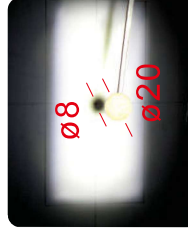

Bionic Design, Patented Design

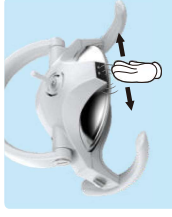

Almost 300 reflective palta, the projecting plane of them are more than Ø180. sensor range is 20mm-80mm

Gripping comfort and easy operation, removable cleaning

Shadowless effect is good, actual measure is Ø8.

Moving near sensor points will be on or off light, the light during light on position, knob handle next to the handle for disassembly purposes, Easy to handle clean.

The reflector surface is composed of nearly 300 5x20 rectangular reflecting surfaces

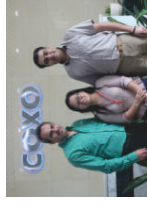

The beam spot is rectangular and the size is moderate. (80x160mm at 700mm) And no dazzle light around

we know you want more than this even after you browsed all of the products in this book.

As the first professional manufacturer to supply the full series of components for dental chair unit, we are trying to make your China trip more comfortable and more simple, along this spirit, we make your one-stop purchasing dream be reality by our professional service and high-quality products with cheaper price. Today, our products have been sold to all over the world and our services have been extended to the whole world as well, and we have built up long term cooperation with a lot of manufacturers and distributors.

What we can do for you is:

one-stop purchasing service

Supply many kinds of products and components for you.

Introduce, recommend excellent dental chair manufacturers to you.

Offer you the services of inspection, loading, and logistic, etc.

And.....all you need in China.

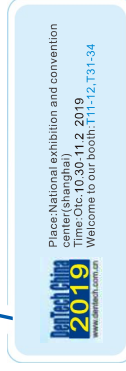

Thanks for your attention, let's hold hands and remain our cooperation forever!

Welcome to visit our factory or contact us any time.
