董事长、总经理致辞

我们的友谊和合作由您打开本页开始,在此我谨代表公司全体员工向关心支持达驰发展的社会各界朋友和广大客户致以诚挚的感谢和崇高敬意!

在公司创业发展的历程中,我们秉承“思想群体化,行动军事化,全优工程化,全面现代化,行为科学化”的企业精神,在“以人中心,以市场为龙头,以科技为后盾,以质量为保证,以顾客满意为目的”的经营理念指引下,科学发展,开拓创新,已发展为以制造输变电设备为主的国家级高新技术企业。

几十年来,达驰公司伴随着电力、石油、铁路、厂矿等行业的发展不断壮大,为社会创造出一批批高品质产品,与广大客户建立了广泛的深层次合作。客户的信任不断激励着我们不断的实践积累,始终坚持诚信经营与真诚服务,持续开发节能新产品,满足社会需求,以最佳方案、最快的速度满足客户要求,直到用户满意为止。

我们真诚希望与海内外各界同仁,共谋发展,实现双赢,为构建和谐社会而努力奋斗!

The Speech of Board Chairman and General Manager

We sincerely hope that our friendship and cooperation can be set when you find this page, on behalf of our company and staff, I would like to take this opportunity to express thanks and honor to our friends of different industries and loyal clients for the supports all along extended to Dachi corporation.

In developing process of company, with enterprise spirits of “Ideological Diversification, Military Actions, Optimized Engineering, All-round Modernization, Scientific Behavior” and directed by managing policies of “Talent As Focus, Market As Head, Technology As Support, Quality As Guarantee, Customer’s Satisfaction As Purpose”, keeping with the times and promoting development and innovation, now Dachi company is the national grade high and new technology enterprise mainly manufacturing power transmission and transformation equipment.

For several dozens years, Dachi Company is growing and developing with the development of electric power、petroleum、railway and mine industry, creating high quality products and founding extensive and deep administrative levels cooperation with clients, insisting on honest management and as best as we can in service, the trusts of our customer inspire us continuously to develop new products and to meet society’s demand, We are persisting in meet the clients’requests with the professional scheme and prompt response until they satisfied.

Dachi Company welcomes all friends from home and abroad to come for cooperation and mutual improvements.

简介

BRIEF INTRODUCTION

山东达驰电气有限公司位于苏、鲁、豫、皖四省交界和京九铁路与新亚欧大陆桥交汇处的中国牡丹之都菏泽——成武，是以生产输变电设备为主的国家重点高新技术企业，下辖高压开关、封闭母线、新能源等14家分公司。公司拥有总资产40亿元，占地面积87万平方米，现有员工2600余人，在行业内率先通过了三体认证，公司在北京建有科研基地，拥有国家认定企业技术中心，是清华大学中试基地。公司先后荣获中国机械500强、中国质量500强、中国变压器十强企业、中国专利明星企业、国家级守合同重信用企业等荣誉称号。

公司主导产品有1000kV级150万kVA及以下各种规格型号智能油浸电力变压器、S11- S13型节能变压器、SH15型非晶铁心变压器、35kV级干式电力变压器、高过载配电变压器、箱式节能变电站、高压组合电器（GIS）和封闭母线等，变压器年生产能力8000万kVA。达驰商标为“中国驰名商标”，达驰牌产品为“中国名牌产品”，并通过了中国节能产品认证。

公司先后从德国、芬兰、美国等地引进了目前最先进的乔格横剪线、气垫船、环氧树脂真空浇注灌、等离子切割机高精度、高智能化的生产设备和检测仪器，拥有国际领先的制造、检测设备。公司分别与沈阳变压器研究院、中国电力科学研究院等科研单位建立了产学研创新平台，具有雄厚的科研开发实力和坚强的人才支撑。

达驰公司作为专业的成套电气装备制造企业，本着“思想群体化、行动军事化、全优工程化、全面现代化、行为科学化”的企业精神，大力推进企业的国际化进程。产品广泛用于国家两大电网、五大发电公司、四大卫星发射基地、石油石化、西气东输、高铁建设等国家重点工程和高端用户，在全国30多个省、市、自治区建有完善的销售网络，并出口到欧盟、亚洲、非洲、南美洲等几十个国家和地区。

达驰公司建立健全了完善的质量管理体系和售后服务体系，以提高客户满意度为宗旨，致力于产品质量、服务质量和技术工艺的持续提升，确保为国家电力事业发展提供高品质的产品和优质的服务。

Shandong Dachi Electric Co., Ltd which is located in Chengwu country, Heze city-the hometown of peony, Shandong province, at the junction of Shandong, Henan, Jiangsu and Anhui province, and at the crossing of Beijing-Kowloon Railway and new Eurasia Continental Bridge, is one of high-new technical enterprises that mainly manufactures electric transmission and transformation equipments in China, with 14 branch companies that produce HV switchgear, Bus-bar, New energy, etc. The company covers an area of more than 670,000 square meters and has over RMB 4 billion total assets and currently have 2600 employees. The company took the lead in the industry in passing the three international attestations, and has scientific research base in Beijing, owns a state-grade enterprise hi-tech center, is the Tsinghua university experimental base. Dachi successively wins honorary titles of “Top 500 of China Machinery Industry”, “Top 500 of China Quality”, “Top 10 of Transformer Industry”, “China Patent Star Enterprise”, “State-grade Enterprise honoring contracts and standing by reputation”etc.

Dachi’s main production includes 1000kV/1500MVA and lower oil immersed power transformer, Type of S11-S13 transformer of saving energy, Type of SH15 transformer of amorphous core, 35kV and lower dry-type power transformer, Compact energy conservation substation, enclosed busbar and GIS combined type switchgear etc. Dachi’s annual production capacity is 80000MVA. Dachi trademark has been awarded “China Famous trademark”. Dachi brand has been awarded “The popular brand product of China”.

The company imported the most advanced equipment from Germany, Finland, USA etc, such as GEORG Horizontal cut line, Hovercraft, Epoxy vacuum pouring cans and Plasma cutting machine all of which are equipments with high precision and high intelligent. Our company has a strong research and development capabilities and strong pool of talent. We have established a platform for innovation and research separately with Shenyang Transformer Research Institute, State Grid Electric Power Research Institute, Wuhan college and other research institutes.

Dachi company, as a professional manufacturer of power transformer and electric equipments, owns enterprise spirit by itself “The single thought just like group’s thought, Action just like march, Project is all of high quality, All of modern, Behaviors is science”, with all one’s strength develop international market along. The company’s products are widely used in two national power grid, the five power generation companies, the big four satellite launch base, petroleum and petrochemical, west to east gas pipeline, high-speed rail and other national key projects and high-end users. The company has established a perfect sales network covering more than 30 provinces, city and autonomous regions throughout the country and in the international market. Our products have been exported to over 30 Countries in Asia, Africa, Latin America and Europe.

3 是达驰实施品牌战略，多元化、跨越性发展阶段。在这个阶段，达驰在做好主导产品，稳固国内、外市场的同时，走出了一条多元化的发展道路，下设独合资企业十四家，涉及领域包括高压开关、封闭母线、新能源、房地产等行业，企业综合实力位居全国变压器行业前四强，实现了持续、快速、健康、跨越发展的良好态势。

Dachi implemented the brand strategy and leaped forward development. At this stage, Dachi doing a good job of leading products, stable market at home and abroad at the same time, go a road of diversified development. It consists of fourteen enterprises, involving the field of high voltage switches, enclosed bus, new energy, real estate and other industries. Enterprise comprehensive strength among the first four of the transformer industry in the country, achieved a sustained, rapid, healthy and rapid development of a good situation.

1 是老一辈达驰人艰苦创业、无私奉献的阶段，他们用自己勤劳的双手和辛勤的汗水培育着达驰的成长。由于种种原因，未能走出企业踟蹰不前的困难境地，但却给我们留下了最珍贵的财富：创业、团队、毅力和忘我的奉献精神。

The old hard pioneer dedicated selflessly. They use their own industrious hands and sweat to nurture the growth of the Dachi. Due to various reasons, they unable to get out of the business in a difficult position. But they left us the most precious wealth: team, entrepreneurship, and selfless dedication.

- 1953年公司前身为“第二区手工业生产合作社”
In 1953, the company was formerly known as “The second area handicraft production co-operatives”.
- 1973年开始研制生产10KV配电变压器
In 1973, the company began to develop the production of 10KV distribution transformer.
- 1985年，S7-100/30kVA调容变压器研制试验成功
In 1985, the company developed the S7-100/30kVA capacity regulating transformer.
- 1991年扩大调容变压器为项目的一期技改
In 1991, Dachi expanded capacity transformer for the first phase of the project.
- 1993年元月自荀村镇搬迁至成武县东郊工业园区
In January 1993, the company moved from Goucun village to the East Industrial Park of Chengwu County.
- 1995年进行110KV电力变压器项目二期技改
In 1995, the company carried out the two technical innovation of 110KV power transformer project.
- 1996年进行第三期技改，实施树脂绝缘干式变压器项目
In 1996, resin insulated dry type transformer, the third phase of technological transformation, was carried through with the implementation.
- 1998年进行新型熔断器四期技改，被列入国家级火炬计划。同年通过了ISO9001国际质量体系认证。
In 1998, the new type of fuse technical projects supported by the National Development Bank was completed and listed in the national Torch Program and adopted the ISO9001 international quality certification.
- 2000年2月公司进行密集节能变压器项目第四期技改，同年被评为“国家级高新技术产业化示范工程”
In February 2000, the company carried out the fourth phase of intensive energy saving transformer project, and at the same year was rated as "National High-tech Industrialization Demonstration Project"
- 2002年实施六期技改智能化组合式变电站项目。
In 2002, the company implemented the six phase of the intelligent combination of substation projects.
- 2003年在北京设立了“山东达驰（三河）科技发展有限公司，公司分别被评为“国家级守合同重信用企业”
In 2003, the company set up "Shandong Dachi (Sanhe) Technology Development Co., Ltd. in Beijing, the company was named “National Grade observe contracts and keep promises enterprise”.
- 2004年11月公司与意大利阿尔发斯坦公司合资组建“达驰阿尔发电气股份有限公司”，公司产品被评为“国家级新型节能产品”
In November 2004, "Shandong Dachi Alfa Electric Corp." was established with the Italian joint venture Alfa Stan and started running. The products have been rated as "national new energy-saving products".
- 2005年公司被评为“全国变压器行业十强”企业，4月七期技改220kV级变压器项目奠基仪式，于当年投产运营
In March 2005, the company was awarded as "Top ten of transformer industry" enterprises. In April the seven phase of the 220kV transformer project groundbreaking ceremony was held and it was put into operation in the year.
- 2005年9月，达驰产品被评为“中国名牌”、“国家免检”、“国家级重点新产品”并被国家科技部列入“国家科技成果重点推广计划项目技术委托单位”，
In 2005, “Dachi” products were appraised as “Chinese famous brand”, “State Inspection Exemption”, “National-level Key new Product” and was included ”National Science and technology achievement key promotion plan project technical delegate unit" by the National Technology Department.
- 2006年被评为“国家级企业技术中心”，同年被中国企业文化促进会评为“全国企业文化先进单位”
In November 2006, the company was awarded as “National Enterprise Technology Center”. At the same year, the company was awarded as “advanced unit of the National Culture” by the Chinese Culture Promotion Association
- 2007年公司通过了OHSAS18000国际职业健康安全管理体系认证，公司采用国产非晶铁芯的高效节能项目列入“十一五”国家科技支撑计划
In July 25, 2007, the company passed the OHSAS18000 National Occupational Health and Safety Management System Certification. The company adopted amorphous core was added in the "Eleventh Five-Year" plan to support the National Science and Technology.
- 2008年八期技改项目500kV级超高压大容量高压变压器开工建设当年挂网运行，12月公司获得了由山东省人民政府颁发的企业管理最高奖项--“山东省质量管理奖”
On July 22, 2008, 500kV EHV grade transformer got acceptance of the State Grid Corporation, and had test run in Yun county, Heze City. The company was awarded the highest award of the Enterprise Management, “Shandong Province Quality Management Award ” by the People's Government of Shandong Province.

- 2009年荣获“中国改革开放30年行业十大杰出企业”，被省知识产权局认定为“山东省知识产权示范单位”。
In January 2009, the company has been awarded as "Ten Outstanding Enterprise In 30 years of China's industry reform and opening up". The company was recognized as "Shandong Province intellectual property rights demonstration unit" by Provincial Intellectual Property Office.
- 2010年公司产品荣获“中国变压器市场用户满意最具竞争力品牌”。公司“十一五”国家科技支撑计划“采用国产非晶铁心的高效节能变压器研制”项目顺利通过验收。
公司董事长马效坤被评为“全国劳动模范”。
6.In 2010, the company's products won the "China Transformer Market Users Satisfaction with the most competitive brands". The company "11th Five-Year" National Science and technology support program, "the use of domestic amorphous iron core efficient energy saving transformer development" project, successfully passed the acceptance. Ma Xiaokun, chairman of the company was named the “National Labor Model”.
- 2011年，达驰高压开关有限公司550kV级GIS二期工程开工建设。公司“采用国产非晶铁心的高效节能变压器研制”荣获“国家科技进步二等奖”；公司220牵引变压器产品顺利通过国家鉴定。
In 2011, Dachi High Voltage Switch Co., Ltd. GIS 550kV two phase of the project started construction. "The use of domestic amorphous iron core efficient energy saving transformer development" project won "National Science and Technology Progress Award two". The company 220 traction transformer products passed the national identification.
- 2012年，公司先后荣获“山东省富民兴鲁劳动奖章”、“中国专利山东明星企业”、“山东省机械工业杰出贡献企业”、“山东省质量竞争力100强企业”、“省长质量奖提名奖”等荣誉称号。“达驰商标”被国家工商总局认定为“中国驰名商标”。“山东省优质输变电生产基地”
In 2012, the company has won the "Shandong Province Fu Min Xing Lu labor medal", “China Patent Shandong Star Enterprise”, “Shandong Province machinery industry outstanding contribution to the enterprise”, "The quality competitiveness of Shandong Province top 100 enterprises", "Governor Quality Award nomination Award" and other honorary titles. "Dachi trademark" is recognized as "China well known trademark" by the State Administration for Industry and Commerce, "Shandong Province high quality transmission production base".
- 2013年，马效坤董事长当选第十二届全国人大代表
In 2013, Chairman Ma Xiaokun was elected the representative of the twelfth National People's Congress.
- 2014年1月，公司投资3.5亿元，年产2500万千伏安特高压直流输电
In January 2014, the company invested 350 million yuan, with an annual output of 25 million KV ampere UHV DC transmission.
- 2014年7月，董事长马效坤被评为“中国企业文化建设杰出个人”。
In July 2014, Chairman Ma Xiaokun was named "Chinese enterprise culture construction outstanding individual".
- 2014年10月，公司自主研发的“智能电力变压器SSZ11-ZN-180000/220”获国家科技部2014年度政策引导类项目专项资金支持；公司自主研发的“S13-M-1600/10节能电力电压器”项目荣获国家火炬计划产业示范项目。
In October 2014, a smart power transformer SSZ11-ZN-180000/220 won 2014 “Annual policy guidance special funds to support the project by the national Ministry of science and technology”. S13-M-1600/10 energy saving electric power transformer project was awarded the national Torch Program industrial demonstration project.
- 2015年，公司自主研发的“QYD-40000/220牵引变压器”获山东省科学技术奖三等奖。公司年产600万kVA高过载配电变压器项目开工建设。
In 2015, a "QYD-40000/220 traction transformer" won the Shandong provincial science and Technology Award three. The company with an annual output of 6 million kVA high overload distribution transformer project was in construction.
- 2015年9月，公司两款变压器通过荷兰凯马国际试验，达驰产品取得了进入欧盟等发达国家的绿色通行证。总经理刘良臣荣获“2015年度企业文化建设先进个人”。
In September 2015, two transformers successfully passed the Holland KEMA international test. Dachi product has entered the European Union and other developed countries of the green pass. General manager Liu Liangchen won “The 2015 annual corporate culture construction of advanced individuals”.
- 2015年12月，被中华全国总工会授予“全国模范职工之家”荣誉称号。
In December 2015, the company were awarded the "National Model Workers Family" honorary title by the National Federation of trade unions.
- 2016年，5月公司±400kV换流变压器项目批准挂网。
In May 2016, the company ±400kV converter transformer project approval.
